WHEAT AND FEED GRAIN EXPORT CERTIFICATE PROGRAMS

SEC. 1006. Effective for the 1986 through 1990 crops of wheat and feed grains, the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.) is amended by inserting after section 107F (as added by section 1005 of this Act), the following new section:

7 USC 1445b-5.

"SEC. 107F. (a)(1) The Secretary may establish a program, applicable to any of the 1986 through 1990 crops of wheat or feed grains, to provide incentives for the export of any of such crops of wheat and feed grains from private stocks. The program for any such crop established under this subsection by the Secretary shall include the following terms:

Loans.

"(A) The Secretary shall issue wheat or feed grain export certificates to producers to whom the Secretary makes loans and payments under section 107D or 105C, respectively, for a crop if such producers comply with the terms and conditions of the program for such crop.

Ante, pp. 1383,
1395.

"(B) Each such certificate shall bear a monetary denomination and a designation specifying a quantity of the crop of the commodity involved, selected by the Secretary.

“(C) The aggregate quantity of wheat or feed grains specified in all export certificates distributable to eligible producers of the crop involved shall be equal to—

“(i) the aggregate amount of wheat or feed grains produced by producers participating in the program for the crop under section 107D or 105C, as determined by multiplying the acreage planted by each such producer for harvest times the farm program payment yield for the commodity, times

“(ii) an export production factor.

For purposes of this subparagraph, the export production factor for a crop shall be determined by the Secretary by dividing the quantity of such crop harvested domestically that the Secretary estimates will not be used domestically and will be available for export (excluding the portion of the crop expected to be added to carryover stocks) during the marketing year for such crop by the quantity of such crop that the Secretary estimates will be harvested domestically.

“(D) Wheat or feed grain export certificates shall be distributed among eligible producers in a manner that will ensure that each eligible producer receives certificates having an aggregate face value that represents an equal rate of return per unit of wheat or feed grains produced by such producer for such crop. For purposes of determining such rate of return, the Secretary shall take into consideration regional variations in the costs incurred by producers to market the commodity (including transportation costs).

“(E) An export certificate issued under this subsection shall be redeemed by the Secretary for a cash amount equal to the monetary denomination on such certificate (or, at the option of the Secretary, a quantity of the commodity involved having a current fair market value equal to such amount) only on presentation by a holder who exports a quantity of the crop involved (including processed wheat or feed grains) equal to the quantity designated in the certificate and only if the Secretary has not redeemed previously an export certificate issued under this subsection presented in connection with the particular wheat or feed grains so exported.

“(2) The Secretary shall carry out this subsection through the Commodity Credit Corporation. If sufficient funds are available to the Corporation, there shall be expended to carry out this subsection with respect to the export of the crop of wheat or feed grains involved an amount not less than the product of multiplying—

“(A) 21 cents for wheat, 11 cents for corn, and such amounts for grain sorghums, oats, and, if designated by the Secretary, barley as the Secretary determines fair and reasonable in relation to the amount specified for corn, times

“(B) the aggregate of the wheat or feed grain acreage planted to the commodity for harvest by producers participating in the program for the crop with respect to which deficiency payments are available under section 107D or 105C, times

“(C) the average of the program yields for the crop.

“(3) Funds expended to carry out export certificate programs established under this subsection shall be in addition to, and not in place of, funds authorized by any other law to be expended to finance or encourage the export of wheat or feed grains.

Ante, pp. 1383,
1395.

“(4) For purposes of facilitating the transfer of export certificates under this subsection, the Commodity Credit Corporation may buy and sell certificates in accordance with regulations prescribed by the Secretary.

“(b)(1) Effective for each of the 1986 through 1990 crops of wheat or feed grains, the Secretary may issue to eligible producers (who, for purposes of this subsection, are producers of wheat or feed grains participating in the program under this Act for such crop who meet the requirements of paragraph (2)) export marketing certificates, denominated in bushels of wheat or feed grains, as applicable, for the crop, which shall be used, under such terms and conditions as the Secretary may prescribe consistent with the provisions of this subsection, as follows:

“(A) Not later than 3 months before the beginning of the marketing year for a crop of wheat or feed grains, the Secretary may issue to eligible producers that plant at least 50 percent of the farm's wheat or feed grain crop acreage base for such crop, export marketing certificates to be applicable to such marketing year that, in the aggregate, shall equal the quantity of the commodity the Secretary estimates will be exported during the marketing year. Each such eligible producer shall receive certificates for a quantity of the commodity that bears the same ratio to the quantity of estimated exports as the producer's crop acreage base for that crop of the commodity bears to the aggregate total of all such eligible producers' crop acreage bases for that crop, rounded upward to the nearest full bushel.

“(B) The denomination of export marketing certificates shall be 1 bushel (with no accompanying cash face value), except that the Secretary may issue certificates in multiples of such denomination, and any certificate in the multiple of such denomination, may be exchanged by the producer, at the county Agricultural Stabilization and Conservation Service office, for certificates representing an equivalent quantity of the commodity in different multiples, to facilitate the operation of the program under this subsection. Each export marketing certificate shall designate the producer by name and the crop involved.

“(C) If 7 months after the beginning of the marketing year for the crop, the Secretary determines that the amount of the commodity that will be exported during the marketing year for that crop will exceed the aggregate quantity of the commodity represented by all the export marketing certificates so issued, the Secretary may issue additional export marketing certificates to producers that initially received certificates for the crop sufficient to cover the additional exports, such certificates to be apportioned among such producers so that producer receives the same portion of the additional certificates issued that the producer received of the export certificates initially issued for the crop, as provided in subparagraph (A), rounded upward to the nearest full bushel.

“(D) Producers may convey export marketing certificates issued under this subsection to purchasers of the commodity involved sold by the producers at any time prior to the end of the marketing year for the crop described in the certificate. If a producer has less wheat or feed grains to sell than the quantity represented by the export marketing certificates issued to the producer, because of reduced production or other reason or

because, in the case of additional certificates issued under subparagraph (C), the producer had disposed of the producer's wheat or feed grains prior to the issuance of such additional certificates, the producer, at any time prior to the end of the marketing year for the crop involved, may sell the extra export marketing certificates to any person for such price as agreed on by the producer and purchaser. Any certificate may be reconveyed without restriction.

"(2) To be eligible to receive export certificates under this subsection for a crop of wheat or feed grains, a producer of such commodity must participate in the program under this title for such crop, and—

"(A) if there is no acreage limitation or set-aside in effect for the crop, limit the acreage on the farm planted to the crop for harvest to the farm's wheat or feed grain crop acreage base, as applicable;

"(B) if an acreage limitation is in effect for the crop, limit the acreage on the farm planted to the crop for harvest to the farm's wheat or feed grain crop acreage base, as applicable, reduced to the extent required under the acreage limitation program, and comply with any other terms of the acreage limitation program established by the Secretary; or

"(C) if a set-aside program is in effect for the crop, comply with the set-aside and other terms of the set-aside program established by the Secretary.

"(3) Whenever the Secretary issues certificates under this subsection for a crop of wheat or feed grains, no person may export wheat or feed grains or products thereof, from the United States during the marketing year for the crop without surrendering to the Secretary, at the time of export, export marketing certificates for such crop representing the quantity of the commodity being exported or, in the case of wheat or feed grain products, the equivalent quantity of the commodity contained in the products being exported. Persons that fail to comply with the requirements of the preceding sentence shall be subject, for each violation thereof, to a fine of not more than \$25,000 or imprisonment for not to exceed 1 year, or both such fine and imprisonment. This paragraph shall not apply to exports of commodities or products owned by the Federal Government or any agency or instrumentality thereof, nor to commodities or products provided to the exporter by the Commodity Credit Corporation under an export development program.

Prohibitions.

"(4) Any person who falsely makes, issues, alters, forges, or counterfeits any export marketing certificate, or with fraudulent intent possesses, transfers, or uses any such falsely made, issued, altered, forged, or counterfeited export marketing certificate, shall be subject to a fine of not more than \$10,000 or imprisonment of not more than 10 years, or both such fine and imprisonment.

"(5) For purposes of facilitating the transfer of export certificates under this subsection, the Commodity Credit Corporation may buy and sell certificates in accordance with regulations prescribed by the Secretary."

COMMODITY CREDIT CORPORATION SALES PRICE RESTRICTIONS

SEC. 1007. Effective only for the marketing years for the 1986 through 1990 crops, section 407 of the Agricultural Act of 1949 (7 U.S.C. 1427) is amended by—

Prohibition.

(2) in the fifth sentence, striking out "current basic county support rate including the value of any applicable price-support payment in kind (or a comparable price if there is no current basic county support rate)" and inserting in lieu thereof the following: "current basic county loan rate (or a comparable price if there is no current basic county loan rate)"; and

Prohibition.

(3) in the seventh sentence, striking out ", but in no event shall the purchase price exceed the then current support price for such commodities" and inserting in lieu thereof: "or unduly affecting market prices, but in no event shall the purchase price exceed the Corporation's minimum sales price for such commodities for unrestricted use".

**DISASTER PAYMENTS FOR 1985 THROUGH 1990 CROPS OF PEANUTS,
SOYBEANS, SUGAR BEETS, AND SUGARCANE**

SEC. 1008. Effective only for the 1985 through 1990 crops of peanuts, soybeans, sugar beets, and sugarcane, section 201 of the Agricultural Act of 1949 (7 U.S.C. 1446) (as amended by section 901 of this Act) is further amended by adding at the end thereof the following new subsection:

"(k)(1) If the Secretary determines that the producers on a farm are prevented from planting any portion of the acreage on the farm intended for peanuts, soybeans, sugar beets, or sugarcane to peanuts, soybeans, sugar beets, sugarcane, or other nonconserving crops because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the Secretary may make a prevented planting disaster payment to the producers in an amount equal to the product obtained by multiplying—

"(A) the number of acres so affected but not to exceed the acreage planted to peanuts, soybeans, sugar beets, or sugarcane for harvest (including any acreage that the producers were prevented from planting to such commodity or to other nonconserving crops in lieu of peanuts, soybeans, sugar beets, or sugarcane because of drought, flood or other natural disaster, or other condition beyond the control of the producers) in the immediately preceding year, by

"(B) 75 percent of the farm program payment yield established by the Secretary, by

"(C) a payment rate equal to 50 percent of the loan and purchase level for the crop.

"(2) If the Secretary determines that because of drought, flood, or other natural disaster, or other condition beyond the

control of the producers, the total quantity of peanuts, soybeans, sugar beets, or sugarcane that the producers are able to harvest on any farm is less than the result of multiplying 60 percent of the farm program payment yield established by the Secretary for such crop by the acreage planted for harvest for such crop, the Secretary may make a reduced yield disaster payment to the producers at a rate equal to 50 percent of the loan and purchase level for the crop for the deficiency in production below 60 percent for the crop.

“(3) The Secretary may make such adjustments in the amount of payments made available under this paragraph with respect to an individual farm so as to assure the equitable allotment of such payments among producers, taking into account other forms of Federal disaster assistance provided to the producers for the crop involved.”.

COST REDUCTION OPTIONS

SEC. 1009. (a) Notwithstanding any other provision of law, whenever the Secretary of Agriculture determines that an action authorized under subsection (c), (d), or (e) will reduce the total of the direct and indirect costs to the Federal Government of a commodity program administered by the Secretary without adversely affecting income to small- and medium-sized producers participating in such program, the Secretary shall take such action with respect to the commodity program involved. 7 USC 1308a.

(b) In the announcement of the specific provisions of any commodity program administered by the Secretary of Agriculture, the Secretary shall include a statement setting forth which, if any, of the actions are to be initially included in the program, and a statement that the Secretary reserves the right to initiate at a later date any action not previously included but authorized by this section, including the right to reopen and change a contract entered into by a producer under the program if the producer voluntarily agrees to the change. Contract.

(c) When a nonrecourse loan program is in effect for a crop of a commodity, the Secretary may enter the commercial market to purchase such commodity if the Secretary determines that the cost of such purchases plus appropriate carrying charges will probably be less than the comparable cost of later acquiring the commodity through defaults on nonrecourse loans under the program. Loans.

(d) When the domestic market price of a commodity for which a nonrecourse loan program is in effect is insufficient to cover the principal and accumulated interest on a loan made under such program, thereby encouraging default by a producer, the Secretary may provide for settlement of such loan and redemption by the producer of the commodity securing such loan for less than the total of the principal and all interest accumulated thereon if the Secretary determines that such reduction in the settlement price will yield savings to the Federal Government due to— Loans.

(1) receipt by the Federal Government of a portion rather than none of the accumulated interest;

(2) avoidance of default; or

(3) elimination of storage, handling, and carrying charges on the forfeited commodity, Prohibition.

but the Secretary may not reduce the settlement price to less than the principal due on the loan.

Loan.

(e) When a production control or loan program is in effect for a crop of a major agricultural commodity, the Secretary may at any time prior to harvest reopen the program to participating producers for the purpose of accepting bids from producers for the conversion of acreage planted to such crop to diverted acres in return for payment in kind from Commodity Credit Corporation surplus stocks of the commodity to which the acreage was planted, if the Secretary determines that (1) changes in domestic or world supply or demand conditions have substantially changed after announcement of the program for that crop, and (2) without action to further adjust production, the Federal Government and producers will be faced with a burdensome and costly surplus. Such payments in kind shall not be included within the payment limitation of \$50,000 per person established under section 1001 of this Act, but shall be limited to a total \$20,000 per year per producer for any one commodity.

(f) The authority provided in this section shall be in addition to, and not in place of, any authority granted to the Secretary under any other provision of law.

MULTIYEAR SET-ASIDES

SEC. 1010. Notwithstanding any other provision of law:

Contracts.
7 USC 1445i.

(1) The Secretary of Agriculture may enter into multiyear set-aside contracts for a period not to extend beyond the 1990 crops. Such contracts may be entered into only as a part of the programs in effect for the 1986 through 1990 crops of wheat, feed grains, upland cotton, and rice, and only producers participating in one or more of such programs shall be eligible to contract with the Secretary under this section. Producers agreeing to a multiyear set-aside agreement shall be required to devote the set-aside acreage to vegetative cover capable of maintaining itself through such period to provide soil protection, water quality enhancement, wildlife production, and natural beauty. Grazing of livestock under this section shall be prohibited, except in areas of a major disaster, as determined by the President, if the Secretary finds there is a need for such grazing as a result of such disaster. Producers entering into agreements under this section shall also agree to comply with all applicable State and local laws and regulations governing noxious weed control.

Contract.

(2) The Secretary shall provide cost-sharing incentives to farm operators for the establishment of vegetative cover, whenever a multiyear set-aside contract is entered into under this section.

Regulations.

(3) The Secretary may issue such regulations as the Secretary determines necessary to carry out this section.

(4) The Secretary shall carry out the program authorized by this section through the Commodity Credit Corporation.

SUPPLEMENTAL SET-ASIDE AND ACREAGE LIMITATION AUTHORITY

SEC. 1011. Effective for the 1986 through 1990 crops of wheat and feed grains, section 113 of the Agricultural Act of 1949 (7 U.S.C. 1445h) is amended to read as follows:

"SUPPLEMENTAL SET-ASIDE AND ACREAGE LIMITATION AUTHORITY

"SEC. 113. Notwithstanding any other provision of law or prior announcement made by the Secretary to the contrary, the Secretary may announce and provide for a set-aside or acreage limitation

program under section 105C or 107D for one or more of the 1986 through 1990 crops of wheat and feed grains if the Secretary determines that such action is in the public interest as a result of the imposition of restrictions on the export of any such commodity by the President or other member of the executive branch of the Federal Government. To carry out effectively a set-aside or acreage limitation program authorized under this section, the Secretary may make such modifications and adjustments in such program as the Secretary determines necessary because of any delay in instituting such program.”.

“SEC. 501. The purpose of this title is to prescribe a system for establishing farm and crop acreage bases and program yields for the

wheat, feed grain, upland cotton, and rice programs under this Act that is efficient, equitable, flexible, and predictable.

"SEC. 502. For purposes of this title—

7 USC 1462.

"(1) the term 'program crop' means any crop of wheat, feed grains, upland cotton, or rice; and

"(2) With respect to the 1986 crop year, the Secretary may forgo the establishment of farm acreage bases under this title.

"(b)(1) The county committee, in accordance with regulations prescribed by the Secretary, shall determine the farm acreage base for a farm for a crop year. Such farm acreage base shall include the number of acres equal to the sum of the crop acreage bases for the farm.

Regulations.

"(2) In the case of farm acreage bases established for the 1987 and subsequent crop years, the determination of the farm acreage base shall also include (in addition to the crop acreage bases for the farm) the sum of (A) the average of the acreage on the farm planted to soybeans in the 1986 and subsequent crop years, and (B) the average of the acreage on the farm devoted by the producer to a conserving use in the normal course of farming operations in the 1986 and subsequent crop years.

"SEC. 504. (a)(1) The Secretary shall provide for the establishment and maintenance of crop acreage bases for each program crop, including any program crop produced under an established practice of double cropping. The sum of the crop acreage bases for all program crops produced on any farm for any crop year shall not exceed the farm acreage base for such farm for such crop year, except to the extent that the excess is due to an established practice of double cropping.

Prohibition.
7 USC 1464.

"(2) The term 'double cropping' means a farming practice, as defined by the Secretary, which has been carried out on a farm in at least 3 of the 5 crop years immediately preceding the crop year for which the crop acreage base for the farm is established.

"(B)(i) In the case of upland cotton and rice, except as provided in clause (ii), if no planted and considered planted acreage has been established for a farm for each of the five crop years preceding such crop year, the crop acreage base for such crop shall be equal to the average of the acreage planted and considered planted to such crop for harvest on the farm in each of the five crop years preceding such crop year, excluding all crop years in which planted and considered planted acreage was not established for the farm.

"(ii) Any crop acreage base established in accordance with paragraph (1)(A) and paragraph (1)(B)(i) shall not exceed a number of acres equal to the average of the acreage planted and considered

Prohibition.

planted to such crop for harvest on the farm in each of the two crop years preceding such crop year.

"(2) The acreage considered planted to a program crop shall include—

"(A) any reduced acreage, set-aside acreage, and diverted acreage on the farm;

"(B) any acreage on the farm that producers were prevented from planting to such crop because of drought, flood, or other natural disaster, or other condition beyond the control of the producers;

"(C) acreage in an amount equal to the difference between the permitted acreage for a program crop and the acreage planted to the crop, if the acreage considered to be planted is planted to a nonprogram crop, other than soybeans and extra long staple cotton; and

"(D) any acreage on the farm which the Secretary determines is necessary to be included in establishing a fair and equitable crop acreage base.

Regulations.

"(3) For the purpose of determining the crop acreage base for the 1986 and subsequent crop years for any farm, the county committee, in accordance with regulations prescribed by the Secretary, may construct a planting history for such crop if—

"(A) planting records for such crop for any of the five crop years preceding such crop year are incomplete or unavailable; or

"(B) during at least one but not more than four of the five crop years preceding such crop year, the program crop was not produced on the farm.

"(c) The Secretary may make adjustments to reflect crop rotation practices and to reflect such other factors as the Secretary determines should be considered in determining a fair and equitable crop acreage base.

"(d) If a county committee determines, in accordance with regulations prescribed by the Secretary, that the occurrence of a natural disaster or other similar condition beyond the control of the producer prevented the planting of a program crop on any farm within the county (or substantially destroyed any such program crop after it had been planted but before it had been harvested), the producer may plant any other crop, including any other program crop, on the acreage of such farm that, but for the occurrence of such disaster or other condition, would have been devoted to the production of a program crop. For purposes of determining the farm acreage base or the crop acreage base, any acreage on the farm on which a substitute crop, including any program crop, is planted under this subsection shall be taken into account as if such acreage had been planted to the program crop for which the other crop was substituted.

Prohibition.
7 USC 1465.

"Sec. 505. (a) The Secretary may provide for an upward adjustment of any crop acreage base for any farm for any crop year. Except as provided in subsection (b), such adjustment may not exceed the number of acres that is equal to 10 percent of the farm acreage base for such farm for such crop year. Any upward adjustment in a crop acreage base must be offset by an equivalent downward adjustment in one or more other crop acreage bases established for the farm for such crop year.

"(b) The Secretary may suspend, on a nationwide basis, any limitation contained in subsection (a) with respect to the crop

acreage base for any program crop if the Secretary determines that—

“(1) a short supply or other similar emergency situation exists with respect to the program crop; or

“(2) market factors exist that require the suspension of the limitation to achieve the purposes of the program.

“SEC. 506. (a) The Secretary shall provide for the establishment of a farm program payment yield for each farm for each program crop for each crop year. 7 USC 1466.

“(b)(1) Except as provided in paragraph (2), the farm program payment yield for each of the 1986 and 1987 crop years shall be the average of the farm program payment yields for the farm for the 1981 through 1985 crop years, excluding the year in which such yield was the highest and the year in which such yield was the lowest.

“(2) If no crop of the commodity was produced on the farm or no farm program payment yield was established for the farm for any of the 1981 through 1985 crop years, the farm program payment yield shall be established on the basis of the average farm program payment yield for such crop years for similar farms in the area.

“(3) If the Secretary determines such action is necessary, the Secretary may establish national, State, or county program payment yields on the basis of—

“(A) historical yields, as adjusted by the Secretary to correct for abnormal factors affecting such yields in the historical period; or

“(B) the Secretary’s estimate of actual yields for the crop year involved if historical yield data is not available.

“(4) If national, State, or county program payment yields are established, the farm program payment yields shall balance to the national, State, or county program payment yields.

“(c)(1) With respect to the 1988 and subsequent crop years, the Secretary may (A) establish the farm program payment yield as provided in subsection (b), or (B) establish a farm program payment yield for any program crop for any farm on the basis of the average of the yield per harvested acre for the crop for such farm for each of the five crop years immediately preceding such crop year, excluding the crop year with the highest yield per harvested acre, the crop year with the lowest yield per harvested acre, and any crop year in which such crop was not planted on the farm. For purposes of the preceding sentence, the farm program payment yield for the 1983 through 1986 crop years and the actual yield per harvested acre with respect to the 1987 and subsequent crop years shall be used in determining farm program payment yields.

“(2) The county committee, in accordance with regulations prescribed by the Secretary, may adjust any program yield for any program crop for any farm if the program yield for the crop on the farm does not accurately reflect the productive potential of the farm because of the occurrence of a natural disaster or other similar condition beyond the control of the producer. Regulations.

“(d) In the case of any farm for which the actual yield per harvested acre for any program crop referred to in subsection (c)(1) for any crop year is not available, the county committee may assign the farm a yield for the crop for such crop year on the basis of actual yields for the crop for such crop year on similar farms in the area.

“SEC. 507. Effective for each of the 1986 and subsequent crop years, each county committee, in accordance with regulations pre- Regulations. 7 USC 1467.

scribed by the Secretary, may require any producer who seeks to establish a farm acreage base, crop acreage base, or farm program payment yield for a farm for a crop year to provide planting and production history of such farm for each of the five crop years immediately preceding such crop year.

Regulations.
7 USC 1468.

"SEC. 508. Each county committees may, in accordance with regulations prescribed by the Secretary, provide for the establishment of a farm acreage base, crop acreage base, and farm program payment yield with respect to any farm administratively located within the county if such farm acreage base, crop acreage base, or farm program payment yield cannot otherwise be established under this title. Such bases and farm program payment yields shall be established in a fair and equitable manner, but no such bases or farm program payment yields shall be established for a farm if the producer on such farm is subject to sanctions under any provision of Federal law for cultivating highly erodible land or converted wetland.

7 USC 1469.

"SEC. 509. The Secretary shall establish an administrative appeal procedure which provides for an administrative review of determinations made with respect to farm acreage bases, crop acreage bases, and farm program payment yields."

Subtitle B—Maintenance and Development of Export Markets

TRADE POLICY DECLARATION

7 USC 1736p.

SEC. 1121. (a) Congress finds that—

(1) the volume and value of United States agricultural exports have significantly declined in recent years as a result of unfair foreign competition and the high value of the dollar;

(2) this decline has been exacerbated by the lack of uniform and coherent objectives in United States agricultural trade policy and the absence of direction and coordination in trade policy formulation;

(3) agricultural interests have been under-represented in councils of government responsible for determining economic policy that has contributed to a strengthening of the United States dollar;

(4) foreign policy objectives of the United States have been introduced into the trade policy process in a manner injurious to the goal of maximizing United States economic interests through trade; and

(5) the achievement of that goal is in the best interests of the United States.

(b) It is hereby declared to be the agricultural trade policy of the United States to—

(1) provide through all means possible agricultural commodities and their products for export at competitive prices, with full assurance of quality and reliability of supply;

(2) support the principle of free trade and the promotion of fairer trade in agricultural commodities and their products;

(3) cooperate fully in all efforts to negotiate with foreign countries reductions in current barriers to fair trade;

(4) counter aggressively unfair foreign trade practices using all available means, including export restitution, export bonus programs, and, if necessary, restrictions on United States imports of foreign agricultural commodities and their products, as a means to encourage fairer trade;

(5) remove foreign policy constraints to maximize United States economic interests through agricultural trade; and

(6) provide for consideration of United States agricultural trade interests in the design of national fiscal and monetary policy that may foster continued strength in the value of the dollar.

TRADE LIBERALIZATION

7 USC 1736q.

SEC. 1122. (a) Congress finds that—

(1) the present high level of agricultural protectionism contrasts sharply with the general trade liberalization that has been achieved since the inception of the General Agreement on Tariffs and Trade (hereinafter referred to as "GATT"); and

(2) GATT procedures should explicitly recognize the protective effect of domestic subsidies that alter trade indirectly by reducing the demand for imports and increasing the supply of exports.

(b) It is the sense of Congress that the President should negotiate with other parties to GATT to revise GATT rules and codes with the goal of reducing agricultural export subsidies, tariffs, and nontariff barriers to trade.

AGRICULTURAL TRADE CONSULTATIONS

SEC. 1123. (a) To improve the orderly marketing of United States agricultural commodities, to achieve higher income for United States producers of agricultural commodities, and to reduce the likelihood of an agricultural commodity price war and the need for export subsidy programs, the Secretary of Agriculture shall, in coordination with the United States Trade Representative, confer with representatives of other major agricultural producing countries and, at the earliest possible date, initiate and pursue agricultural trade consultations among major agricultural producing countries. 7 USC 1736r.

(b) It is the sense of Congress that the objectives of the consultations called for in subsection (a) should be to—

(1) increase the exchange of information on worldwide agricultural production, demand, and commodity supply levels;

(2) determine a more equitable sharing of responsibility for maintaining agricultural commodity reserves and managing supplies of agricultural commodities; and

(3) attain increased cooperation in restraining export subsidy programs.

(c) The Secretary of Agriculture shall report to Congress by July 1, 1986, and annually thereafter through fiscal year 1990, on the progress of efforts to initiate and pursue the consultations called for in subsection (a), including any agreements reached with respect to the objectives set forth in subsection (b).

TARGETED EXPORT ASSISTANCE

SEC. 1124. (a) For export activities authorized to be carried out by the Secretary of Agriculture or the Commodity Credit Corporation, the Secretary of Agriculture shall use under this section, in addition to any funds or commodities otherwise required under this Act to be used for such activities, for the fiscal year ending September 30, 1986, and each of the fiscal years thereafter through September 30, 1990, not less than \$325,000,000 of funds of, or an equal value of commodities owned by, the Corporation. 7 USC 1736s.

(b)(1) Funds or commodities made available for use under this section shall be used by the Secretary only to counter or offset the adverse effect on the export of a United States agricultural commodity or the product thereof of a subsidy (as defined in paragraph (2)), import quotas, or other unfair trade practices of a foreign country.

(2) As used in paragraph (1), the term subsidy includes an export subsidy, tax rebate on exports, financial assistance on preferential terms, financial assistance for operating losses, assumption of costs

or expenses of production, processing, or distribution, a differential export tax or duty exemption, a domestic consumption quota, or other method of furnishing or ensuring the availability of raw materials at artificially low prices.

(c) The Secretary shall provide export assistance under this section on a priority basis in the case of—

(1) agricultural commodities and the products thereof with respect to which there has been a favorable decision under section 301 of the Trade Act of 1974 (19 U.S.C. 2411); or

(2) agricultural commodities and the products thereof for which exports have been adversely affected, as defined by the Secretary, by retaliatory actions related to a favorable decision under section 301 of the Trade Act of 1974 (19 U.S.C. 2411).

98 Stat. 3002,
3003, 3005.

SHORT-TERM EXPORT CREDIT

7 USC 1736t.

SEC. 1125. (a) In making available any guarantees of the repayment of credit extended on terms of up to 3 years in connection with the export sale of United States agricultural commodities or the products thereof, the Commodity Credit Corporation shall take into account—

(1) the credit needs of countries that are potential purchasers of United States agricultural exports;

(2) the creditworthiness of such countries; and

(3) whether the availability of Commodity Credit Corporation guarantees will improve the competitive position of United States agricultural exports in world markets.

(b) Effective for the fiscal year ending September 30, 1986 and each fiscal year thereafter through the fiscal year ending September 30, 1990, the Commodity Credit Corporation shall make available not less than \$5,000,000,000 in credit guarantees under its export credit guarantee program for short-term credit extended to finance the export sales of United States agricultural commodities and the products thereof.

Prohibition.

(c) Notwithstanding any other provision of law, the Secretary of Agriculture may not charge an origination fee with respect to any credit guarantee transaction under the Export Credit Guarantee Program (GSM-102) in excess of an amount equal to one percent of the credit extended under the transaction.

COOPERATOR MARKET DEVELOPMENT PROGRAM

7 USC 1736u.

SEC. 1126. (a) It is the sense of Congress that the cooperator market development program of the Foreign Agricultural Service should be continued to help develop new markets and expand and maintain existing markets for United States agricultural commodities, using nonprofit agricultural trade organizations to the maximum extent practicable.

7 USC 1736u.

(b) The cooperator market development program shall be exempt from the requirements of Circular A 110 issued by the Office of Management and Budget.

(c) Subclause (B) of section 1207(a)(5) of the Agriculture and Food Act of 1981 (7 U.S.C. 1736m(a)(5)(B)) is amended to read as follows: “(B) funding an export market development program for value-added farm products and processed foods at a higher funding level than that provided during the fiscal year ending September 30, 1985; and”.

the cost of freight from the United States to designated points of entry in other nations; and

(ii) for the establishment of facilities in the importing nation to improve handling, marketing, processing, storage, or distribution of imported agricultural commodities (through the use of local currency generated from the import and sale of United States agricultural commodities or the products thereof to finance all or part of such facilities).

(4) As used in paragraph (3)(A)(i), the term "subsidy" includes an export subsidy, tax rebate on exports, financial assistance on preferential terms, financial assistance for operating losses, assumption of costs or expenses of production, processing, or distribution, a differential export tax or duty exemption, a domestic consumption quota, or other method of furnishing or ensuring the availability of raw materials at artificially low prices.

(b) In carrying out the program established by this section, the Secretary of Agriculture—

(1) shall take such action as may be necessary to ensure that the program provides equal treatment to domestic and foreign purchasers and users of United States agricultural commodities and the products thereof in any case in which the importation of a manufactured product made, in whole or in part, from a commodity or the product thereof made available for export under this section would place domestic users of the commodity or the product thereof at a competitive disadvantage;

(2) shall, to the extent that agricultural commodities and the products thereof are to be provided to foreign purchasers during any fiscal year, consider for participation all interested foreign purchasers, giving priority to those who have traditionally purchased United States agricultural commodities and the products thereof and who continue to purchase such commodities and the products thereof on an annual basis in quantities greater than the level of purchases in a previous representative period;

(3) shall encourage increased use and avoid displacing usual marketings of United States agricultural commodities and the products thereof;

(4) shall take reasonable precautions to prevent the resale or transshipment to other countries, or use for other than domestic use in the importing country, of agricultural commodities or the products thereof the export of which is assisted under this section; and

(5) may provide to a United States exporter, user, processor, or foreign purchaser, under the program, agricultural commodities of a kind different than the agricultural commodity involved in the transaction for which assistance under this section is being provided.

(c)(1) If a country does not meet the financial qualifications for export credit or credit guarantees provided by the Commodity Credit Corporation, the Secretary may provide to such country agricultural commodities and the products thereof acquired by the Corporation to the extent necessary to reduce the cost to such country of purchasing United States agricultural commodities and to allow such country to meet such qualifications.

(2) The Secretary shall review and adjust annually the quantity of commodities provided to a country under paragraph (1) in order to encourage such country to place greater reliance on increased use of

commercial trade to meet the qualifications referred to in paragraph (1).

(d)(1) In carrying out this section, the Secretary may make green dollar export certificates available to commercial exporters of United States agricultural commodities and the products thereof.

(2) The Secretary shall make such certificates available under such terms and conditions as the Secretary determines appropriate.

(3) The amount of such certificates to be made available to an exporter may be determined—

(A) on the basis of competitive bids submitted by exporters; or

(B) by announcement of the Secretary.

(4)(A) An exporter may redeem a green dollar export certificate for commodities owned by the Commodity Credit Corporation.

(B) For purposes of redeeming such certificates, the Secretary may establish values for such commodities that are different than the acquisition prices of such commodities.

(5) Such certificates—

(A) may be transferred among commercial exporters of United States agricultural commodities; and

(B) shall be redeemed within 6 months after the date of issuance.

STUDY TO REDUCE FOREIGN EXCHANGE RISK

SEC. 1134. (a) The Secretary of Agriculture shall conduct a study to determine the feasibility, practicability and cost of implementing a program to reduce the risk of foreign exchange fluctuations that is incurred by the purchasers of United States agricultural exports under United States export credit promotion programs. The purpose of the study is to examine whether the GSM-102 program and all other United States export credit initiatives relating to agricultural exports would be enhanced by the United States assuming the foreign exchange risk of the buyer which resulted from a rise in the value of the United States dollar compared to the trade-weighted index of the dollar. The index referred to is the “trade-weighted index” published by the Department of Commerce as a measurement of the relative buying power of the dollar compared to the currencies of nations trading with the United States. The elements of the program to be considered in this study would include the following: Exports.

(1) On the date a foreign buyer receives GSM-102 or other credit for purposes of purchasing United States agricultural products, the maximum loan repayment exchange rate would be tied to the trade-weighted value of the United States dollar on the same date. Loans.

(2) If in the future the United States dollar gains in strength (a higher trade-weighted index), the buyer would continue to repay the loan at the lower value fixed at the time the GSM-102 credit was extended.

(3) If the United States dollar falls in value during the term of the repayment period, the foreign buyer could calculate his repayment on the lower dollar value.

(b) Not later than six months after the enactment of this Act, the Secretary shall report the results of such study to the Committee on Agriculture of the House of Representatives and to the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(1) provides assistance for establishing, expanding, or facilitating the production, marketing, or use of any agricultural commodity in a foreign country; and

(b) The Secretary shall provide the results of the assessment required under subsection (a)—

(1) in the case of current programs, projects, or activities, in a report made to the Congress not later than one year from the date of enactment of this section; and

UNFAIR TRADE PRACTICES

SEC. 1164. The Congress finds that—

(1) United States producers and processors of citrus, wheat flour, poultry, canned fruits, and raisins have filed petitions under section 302 of the Trade Act of 1974 alleging that the subsidies and discriminatory tariffs of the European Communities are inconsistent with the principles and terms of the General Agreement on Tariffs and Trade (hereafter referred to in this section as the “GATT”) and have placed United States exporters at a competitive disadvantage; 98 Stat. 3003.

(2) throughout the past decade, the European Communities has repeatedly rebuffed extensive United States efforts to re- 19 USC 2412.

solve these matters through bilateral consultations and multilateral negotiations, as well as through consultations under the provisions of the GATT;

(3) after many years of frustrated discussions, the United States had no choice but to invoke the dispute settlement procedures of the GATT as the only remaining means of seeking redress for American producers and processors;

(4) investigatory panels, established by the GATT to review United States complaints with respect to citrus, canned fruits, and raisins, concluded that European Communities subsidies and discriminatory tariffs had nullified and impaired rights of United States exporters and were in violation of the GATT and recommended that the European Communities take necessary steps to rectify the matters;

(5) the European Communities has effectively and repeatedly prevented adoption by the GATT of each of these reports, most recently, the favorable report involving the 15-year-old citrus complaint;

(6) on May 1, 1985, the President concluded that the GATT dispute settlement process with respect to the citrus complaint was terminated and, pursuant to section 301 of the Trade Act of 1974, the President had to consider a subsequent course of action to redress the injury to United States citrus exporters;

(7) on June 20, 1985, the President announced that a reasonable and appropriate course of action in response to the unwillingness of the European Communities to implement the unanimous finding of the GATT panel or to negotiate a mutually acceptable resolution of the citrus complaint is to withdraw an equivalent amount of concessions from imported European Communities pasta products and, in response, the European Communities notified the United States that the European Communities would retaliate by increasing the European Communities duties on United States lemon and walnut imports;

(8) on July 19, 1985, the United States and the European Communities agreed to suspend until October 31, 1985, the tariff increases, in order to provide the European Communities with additional time to resolve the citrus complaint; and

(9) despite this suspension, the European Communities has failed to present to the United States an acceptable proposal to resolve the citrus complaint, and effective November 1, 1985, the United States reinstated the pasta tariff increase, and in turn, the European Communities reinstated the lemon and walnut tariff increase.

(b) The President shall take all appropriate and feasible action within the power of the Presidency (including, but not limited to, the actions described in section 301 of the Trade Act of 1974 (19 U.S.C. 2411)) to—

(1) ensure a prompt and satisfactory resolution of all complaints regarding subsidies and discriminatory tariffs of the European Communities which—

(A) are set forth in petitions filed under section 302 of the Trade Act of 1974 by United States exporters of citrus, wheat flour, poultry, canned fruits, and raisins, and

(B) are pending before the GATT on the date of enactment of this Act; and

THAI RICE

SEC. 1165. (a) Congress finds that—

(1) Rice ranks 9th among major domestic field crops in value of production;

(2) Rice accounts for about 5 percent of the value of major field crops produced in the United States;

(3) The value of domestic rice production annually is over \$1,500,000,000;

(4) Ending stocks for rice have sharply increased since 1980;

(5) The projected 1985-1986 carryover of rice as a percentage of annual use is 62 percent;

(6) Between 1980 and 1983, rice stocks rose and prices fell, pushing rice program costs from less than one-tenth to over nine-tenths of the value of United States rice production;

(7) Over the last several years, the percentage of world rice exports from the United States has fallen from a high of 25 percent to 18 percent in 1985;

(8) In the last several years, Thailand has become the largest rice exporter in the world, accounting for 30 percent of the world market;

(9) Thai rice imports into the United States have displaced normal sales of United States rice and have increased Government costs;

(10) In 1983, the United States imported 33.2 million pounds of rice from Thailand, in 1984 the United States imported 51.3 million pounds of rice (an increase of 53 percent), and in the first six months of 1985, rice imports from Thailand to the United States have already reached 58.3 million pounds; and

(11) A petition has been filed with the Department of Commerce asking that countervailing duties be imposed upon imports of Thai rice into the United States.

(b) Based upon these findings, it is the sense of Congress that—

(1) our domestic rice industry is of vital importance and must be protected from unfair foreign competition; and

(2) the Secretary of Commerce should give immediate consideration to the countervailing duty petition referred to in subsection (a)(11).

END USERS OF IMPORTED TOBACCO

SEC. 1166. Section 213 of the Dairy and Tobacco Adjustment Act of 1983 (7 U.S.C. 511r) is amended by adding after the subsection added by section 1161 of this Act the following:

“(f)(1) The certification required under subsection (e)(1) of this section shall also include the identification of any and all end users of such tobacco of which the importer has knowledge. Any flue cured or burley tobacco permitted entry into the United States must be accompanied by a written identification of any and all end users of such tobacco. In cases in which the importer has no knowledge of the identity of an end user, the importer shall identify any and all purchasers to whom the importer expects to transfer such imported tobacco. The importer shall file with the Department of Agriculture an amended statement if, at any time after the time of entry of such tobacco imports, the importer has knowledge of any additional

purchaser or end user. In those cases in which the importer has not identified all end users of such imported tobacco, the Secretary of Agriculture shall take all steps available to ascertain the identity of any and all such end users, including requesting such information from purchasers of such imported tobacco. Domestic purchasers of imported tobacco shall be required to supply any relevant information to the Department of Agriculture upon demand under this subsection.

Report.

“(2) The Secretary shall provide to the Senate Committee on Agriculture, Nutrition, and Forestry, and the House Committee on Agriculture, on or before April 1, 1986, a report on the implementation of this authority to identify each end user and purchaser of imported tobacco. Such report shall identify the end users and purchasers of imported tobacco and the quantity, in pounds, bought by such end user or purchaser, as well as all steps taken by the Department of Agriculture to ascertain such identities. The Secretary shall provide an additional report, beginning November 15, 1986, and annual reports thereafter, on the implementation of this authority.

(i) such production would not have been possible but for such action; and

(ii) before such action—

(I) such land was wetland; and

(II) such land was neither highly erodible land nor highly erodible cropland.

Prohibition.

(B) Wetland shall not be considered converted wetland if production of an agricultural commodity on such land during a crop year—

(i) is possible as a result of a natural condition, such as drought; and

(ii) is not assisted by an action of the producer that destroys natural wetland characteristics.

(5) The term “field” means such term as is defined in section 718.2(b)(9) of title 7 of the Code of Federal Regulations (as of January 1, 1985), except that any highly erodible land on which an agricultural commodity is produced after the date of enactment of this Act and that is not exempt under section 1212 shall be considered as part of the field in which such land was included on such date, unless the Secretary permits modification of the boundaries of the field to carry out subtitles A through E.

Post, p. 1506.

(6) The term “highly erodible cropland” means highly erodible land that is in cropland use, as determined by the Secretary.

(7)(A) The term “highly erodible land” means land—

(i) that is classified by the Soil Conservation Service as class IV, VI, VII, or VIII land under the land capability classification system in effect on the date of the enactment of this Act; or

(ii) that has, or that if used to produce an agricultural commodity, would have an excessive average annual rate of erosion in relation to the soil loss tolerance level, as established by the Secretary, and as determined by the Secretary through application of factors from the universal soil loss equation and the wind erosion equation, including factors for climate, soil erodibility, and field slope.

(B) For purposes of this paragraph, the land capability class or rate of erosion for a field shall be that determined by the Secretary to be the predominant class or rate of erosion under regulations issued by the Secretary.

Regulations.

(8) The term "hydric soil" means soil that, in its undrained condition, is saturated, flooded, or ponded long enough during a growing season to develop an anaerobic condition that supports the growth and regeneration of hydrophytic vegetation.

(9) The term "hydrophytic vegetation" means a plant growing in—

(A) water; or

(B) a substrate that is at least periodically deficient in oxygen during a growing season as a result of excessive water content.

(10) The term "in-kind commodities" means commodities that are normally produced on land that is the subject of an agreement entered into under subtitle D.

Post, p. 1509.

(11) The term "rental payment" means a payment made by the Secretary to an owner or operator of a farm or ranch containing highly erodible cropland to compensate the owner or operator for retiring such land from crop production and placing such land in the conservation reserve in accordance with subtitle D.

(16) The term "wetland", except when such term is part of the term "converted wetland", means land that has a predominance of hydric soils and that is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances does support, a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions.

(b) The Secretary shall develop—

- (1) criteria for the identification of hydric soils and hydrophytic vegetation; and
- (2) lists of such soils and such vegetation.

Subtitle D—Conservation Reserve

CONSERVATION RESERVE

SEC. 1231. (a) During the 1986 through 1990 crop years, the Secretary shall formulate and carry out a conservation reserve program, in accordance with this subtitle, through contracts to assist owners and operators of highly erodible cropland in conserving and improving the soil and water resources of their farms or ranches.

Contracts.
16 USC 3831.

(b) The Secretary shall enter into contracts with owners and operators of farms and ranches containing highly erodible cropland to place in the conservation reserve—

(5) during the 1986 through 1990 crop years, a total of not less than 40, nor more than 45, million acres.

(c)(1)(A) Notwithstanding subsection (b), effective for each of the fiscal years 1986 through 1989, the Secretary may reduce by up to 25 percent the number of acres of highly erodible land required to be placed under contract during each fiscal year if the Secretary determines that the rental payments to be made under section 1233(b) on such acres are likely to be significantly lower in the succeeding year.

Post. p. 1511.

(B) Paragraph (A) shall not affect the requirements of paragraph (5) of subsection (b).

Prohibition.

(2) The Secretary may include in the program established under this subtitle lands that are not highly erodible lands but that pose an off-farm environmental threat or, if permitted to remain in production, pose a threat of continued degradation of productivity due to soil salinity.

(d) Under the program established under this subtitle, the Secretary shall not place under contract more than 25 percent of the cropland in any one county, except that the Secretary may exceed the limitation established by this subsection in a county to the extent that the Secretary determines that such action would not adversely affect the local economy of such county.

Prohibition.

(e) For the purpose of carrying out this subtitle, the Secretary shall enter into contracts of not less than 10, nor more than 15, years.

DUTIES OF OWNERS AND OPERATORS

SEC. 1232. (a) Under the terms of a contract entered into under this subtitle, during the term of such contract, an owner or operator of a farm or ranch must agree—

Contracts.
16 USC 3832.

(1) to implement a plan approved by the local conservation district (or in an area not located within a conservation district, a plan approved by the Secretary) for converting highly erodible cropland normally devoted to the production of an agricultural commodity on the farm or ranch to a less intensive use (as defined by the Secretary), such as pasture, permanent grass,

legumes, forbs, shrubs, or trees, substantially in accordance with a schedule outlined in the plan;

(2) to place highly erodible cropland subject to the contract in the conservation reserve established under this subtitle;

(3) not to use such land for agricultural purposes, except as permitted by the Secretary;

(4) to establish approved vegetative cover on such land;

(5) on the violation of a term or condition of the contract at any time the owner or operator has control of such land—

(A) to forfeit all rights to receive rental payments and cost sharing payments under the contract and to refund to the Secretary any rental payments and cost sharing payments received by the owner or operator under the contract, together with interest thereon as determined by the Secretary, if the Secretary, after considering the recommendations of the soil conservation district and the Soil Conservation Service, determines that such violation is of such nature as to warrant termination of the contract; or

(B) to refund to the Secretary, or accept adjustments to, the rental payments and cost sharing payments provided to the owner or operator, as the Secretary considers appropriate, if the Secretary determines that such violation does not warrant termination of the contract;

(6) on the transfer of the right and interest of the owner or operator in land subject to the contract—

(A) to forfeit all rights to rental payments and cost sharing payments under the contract; and

(B) to refund to the United States all rental payments and cost sharing payments received by the owner or operator, or accept such payment adjustments or make such refunds as the Secretary considers appropriate and consistent with the objectives of this subtitle,

unless the transferee of such land agrees with the Secretary to assume all obligations of the contract;

(7) not to conduct any harvesting or grazing, nor otherwise make commercial use of the forage, on land that is subject to the contract, nor adopt any similar practice specified in the contract by the Secretary as a practice that would tend to defeat the purposes of the contract, except that the Secretary may permit harvesting or grazing or other commercial use of the forage on land that is subject to the contract in response to a drought or other similar emergency;

(8) not to conduct any planting of trees on land that is subject to the contract unless the contract specifies that the harvesting and commercial sale of trees such as Christmas trees are prohibited, nor otherwise make commercial use of trees on land that is subject to the contract unless it is expressly permitted in the contract, nor adopt any similar practice specified in the contract by the Secretary as a practice that would tend to defeat the purposes of the contract, except that no contract shall prohibit activities consistent with customary forestry practice, such as pruning, thinning, or stand improvement of trees, on lands converted to forestry use;

(9) not to adopt any practice specified by the Secretary in the contract as a practice that would tend to defeat the purposes of this subtitle; and

Prohibition.
Forests and
forest products.

(10) to comply with such additional provisions as the Secretary determines are desirable and are included in the contract to carry out this subtitle or to facilitate the practical administration thereof.

(b) The plan referred to in subsection (a)(1)—

(1) shall set forth—

(A) the conservation measures and practices to be carried out by the owner or operator during the term of the contract; and

(B) the commercial use, if any, to be permitted on the land during such term; and

(2) may provide for the permanent retirement of any existing cropland base and allotment history for the land.

(c) To the extent practicable, not less than one eighth of the number of acres of land that is placed in the conservation reserve under this subtitle in each of the 1986 through 1990 crop years shall be devoted to trees.

DUTIES OF THE SECRETARY

SEC. 1233. In return for a contract entered into by an owner or operator under section 1232, the Secretary shall—

Contracts.
16 USC 3833.
Ante, p. 1509.

(1) share the cost of carrying out the conservation measures and practices set forth in the contract for which the Secretary determines that cost sharing is appropriate and in the public interest;

(2) for a period of years not in excess of the term of the contract, pay an annual rental payment in an amount necessary to compensate for—

(A) the conversion of highly erodible cropland normally devoted to the production of an agricultural commodity on a farm or ranch to a less intensive use; and

(B) the retirement of any cropland base and allotment history that the owner or operator agrees to retire permanently; and

(3) provide conservation technical assistance to assist the owner or operator in carrying out the contract.

PAYMENTS

SEC. 1234. (a) The Secretary shall provide payment for obligations incurred by the Secretary under a contract entered into under this subtitle—

Contracts.
16 USC 3834.

(1) with respect to any cost-sharing payment obligation incurred by the Secretary, as soon as possible after the obligation is incurred; and

(2) with respect to any annual rental payment obligation incurred by the Secretary—

(A) as soon as practicable after October 1 of each calendar year; or

(B) at the discretion of the Secretary, at any time prior to such date during the year that the obligation is incurred.

(b) In making cost sharing payments to owners and operators under contracts entered into under this subtitle, the Secretary shall pay 50 percent of the cost of establishing conservation measures and practices set forth in such contracts for which the Secretary determines that cost-sharing is appropriate and in the public interest.

(c)(1) In determining the amount of annual rental payments to be paid to owners and operators for converting highly erodible cropland normally devoted to the production of an agricultural commodity to less intensive use, the Secretary may consider, among other things, the amount necessary to encourage owners or operators of highly erodible cropland to participate in the program established by this subtitle.

(2) The amounts payable to owners or operators in the form of rental payments under contracts entered into under this subtitle may be determined through—

(A) the submission of bids for such contracts by owners and operators in such manner as the Secretary may prescribe; or

(B) such other means as the Secretary determines are appropriate.

(3) In determining the acceptability of contract offers, the Secretary may—

(A) take into consideration the extent of erosion on the land that is the subject of the contract and the productivity of the acreage diverted;

(B) where appropriate, accept contract offers that provide for the establishment of—

(i) shelterbelts and windbreaks; or

(ii) permanently vegetated stream borders, filter strips of permanent grass, forbs, shrubs, and trees that will reduce sedimentation substantially;

(C) establish different criteria in various States and regions of the United States to determine the extent to which erosion may be abated; and

(D) give priority to offers made by owners and operators who are subject to the highest degree of economic stress, such as a general tightening of agricultural credit or an unfavorable relationship between production costs and prices received for agricultural commodities.

(d)(1) Except as otherwise provided in this section, payments under this subtitle—

(A) shall be made in cash or in commodities in such amount and on such time schedule as is agreed on and specified in the contract; and

(B) may be made in advance of determination of performance.

(2) If such payment is made with in-kind commodities, such payment shall be made by the Commodity Credit Corporation—

(A) by delivery of the commodity involved to the owner or operator at a warehouse or other similar facility located in the county in which the highly erodible cropland is located or at such other location as is agreed to by the Secretary and the owner or operator;

(B) by the transfer of negotiable warehouse receipts; or

(C) by such other method, including the sale of the commodity in commercial markets, as is determined by the Secretary to be appropriate to enable the owner or operator to receive efficient and expeditious possession of the commodity.

(3) If stocks of a commodity acquired by the Commodity Credit Corporation are not readily available to make full payment in kind to the owner or operator, the Secretary may substitute full or partial payment in cash for payment in kind.

(e) If an owner or operator who is entitled to a payment under a contract entered into under this subtitle dies, becomes incompetent,

is otherwise unable to receive such payment, or is succeeded by another person who renders or completes the required performance, the Secretary shall make such payment, in accordance with regulations prescribed by the Secretary and without regard to any other provision of law, in such manner as the Secretary determines is fair and reasonable in light of all of the circumstances.

(f)(1) The total amount of rental payments, including rental payments made in the form of in-kind commodities, made to an owner or operator under this subtitle for any fiscal year may not exceed \$50,000.

Prohibition.

(2)(A) The Secretary shall issue regulations—

Regulations.

(i) defining the term “person” as used in this subsection; and

(ii) prescribing such rules as the Secretary determines necessary to ensure a fair and reasonable application of the limitation contained in this subsection.

(B) The regulations issued by the Secretary on December 18, 1970, under section 101 of the Agricultural Act of 1970 (7 U.S.C. 1307), shall be used to determine whether corporations and their stockholders may be considered as separate persons under this subsection.

(3) Rental payments received by an owner or operator shall be in addition to, and not affect, the total amount of payments that such owner or operator is otherwise eligible to receive under this Act or the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.).

CONTRACTS

SEC. 1235. (a)(1) No contract shall be entered into under this subtitle concerning land with respect to which the ownership has changed in the 3-year period preceding the first year of the contract period unless—

Prohibition.
16 USC 3835.

(A) the new ownership was acquired by will or succession as a result of the death of the previous owner;

(B) the new ownership was acquired before January 1, 1985; or

(C) the Secretary determines that the land was acquired under circumstances that give adequate assurance that such land was not acquired for the purpose of placing it in the program established by this subtitle.

(2) Paragraph (1) shall not—

Prohibitions.

(A) prohibit the continuation of an agreement by a new owner after an agreement has been entered into under this subtitle; or

(B) require a person to own the land as a condition of eligibility for entering into the contract if the person—

(i) has operated the land to be covered by a contract under this section for at least 3 years preceding the date of the contract or since January 1, 1985, whichever is later; and

(ii) controls the land for the contract period.

(b) If during the term of a contract entered into under this subtitle an owner or operator of land subject to such contract sells or otherwise transfers the ownership or right of occupancy of such land, the new owner or operator of such land may—

(1) continue such contract under the same terms or conditions;

(2) enter into a new contract in accordance with this subtitle; or

(3) elect not to participate in the program established by this subtitle.

(c)(1) The Secretary may modify a contract entered into with an owner or operator under this subtitle if—

(ii) to facilitate the practical administration of this subtitle; or

(iii) to achieve such other goals as the Secretary determines are appropriate, consistent with this subtitle.

(2) The Secretary may modify or waive a term or condition of a contract entered into under this subtitle in order to permit all or part of the land subject to such contract to be devoted to the production of an agricultural commodity during a crop year, subject to such conditions as the Secretary determines are appropriate.

(d)(1) The Secretary may terminate a contract entered into with an owner or operator under this subtitle if—

7 USC 1989 note.

SEC. 1325. The Secretary of Agriculture shall not use or require the submission of the coordinated financial statement referred to in the proposed regulations of the Farmers Home Administration published in the Federal Register of November 8, 1983 (48 F.R. 51312-51317) in connection with an application submitted on or after the date of the enactment of this Act for any loan under any program of the Department of Agriculture carried out by the Farmers Home Administration.

REGULATORY RESTRAINT

12 USC 2254
note.

SEC. 1326. (a) Congress finds and declares that—

(1) high production costs and low commodity prices have combined to reduce farm income to the lowest levels since the depths of the Depression in the 1930's, to subject many agricultural producers, through no fault of their own, to severe economic hardship, and in many cases temporarily but seriously to impair producers' ability to meet loan repayment schedules in a timely fashion; and

Loans.
Banks and
banking.

(2) a policy of adverse classification of agricultural loans by bank examiners under these circumstances will trigger a wave of foreclosures and similar actions on the part of banks, thereby

depressing land values and prices for agricultural facilities and equipment and having a devastating effect on farmers and the banking industry, and upon rural areas of the United States in general.

(b) It is therefore the sense of Congress that the Federal bank regulatory agencies should ensure, in their examination procedures, that examiners exercise caution and restraint and give due consideration not only to the current cash flow of agricultural borrowers under financial stress, but to factors such as their loan collateral and ultimate ability to repay as well, for so long as the adverse economic effects of the cost-price squeeze of recent years continue to impair the ability of these borrowers to meet scheduled repayments on their loans.

STUDY OF FARM CREDIT SYSTEM

SEC. 1327. (a) The Farm Credit Administration shall conduct a study of the need for the establishment of a fund to be used—

(1) to insure institutions of the Farm Credit System against losses on loans made by such institutions; or

Loans.

(2) for any other purpose that would—

(A) assist in stabilizing the financial condition of such System; and

(B) provide for the protection of the capital that borrowers of such loans have invested in such System.

Loans.

(b) In conducting the study required under subsection (a), the Farm Credit Administration shall—

(1) consider the advisability of using the revolving funds provided for under section 4.1 of the Farm Credit Act of 1971 (12 U.S.C. 2152) to provide initial capital for the fund referred to in subsection (a); and

(2) estimate the amount and level of future assessments levied on institutions of the Farm Credit System that would be necessary to ensure the long-term liquidity of such fund.

(c) Not later than 180 days after the date of enactment of this Act, the Farm Credit Administration shall submit a report containing the results of the study required under subsection (a) to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

Report.

CONTINUATION OF SMALL FARMER TRAINING AND TECHNICAL ASSISTANCE PROGRAM

SEC. 1328. The Secretary of Agriculture shall, during the period beginning on the date of enactment of this Act and ending on September 30, 1988, maintain at substantially current levels the small farmer training and technical assistance program in the office of the Administrator of the Farmers Home Administration.

7 USC 1981 note.

STUDY OF FARM AND HOME PLAN

SEC. 1329. (a) The Secretary of Agriculture shall conduct a study of the appropriateness of the Farm and Home Plan (Form FmHA 431-2) used by the Farmers Home Administration in connection with loans made or insured under the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.).

Loans.

(b) After carrying out such study, if the Secretary finds the plan is inappropriate, the Secretary shall—

(1) evaluate other alternative farm plan forms for use in connection with such loans;

(2) evaluate the need to develop a new farm plan form for such use; and

(3) specify the steps that should be taken to improve or replace the current form.

Report.

(c) Not later than 120 days after the date of enactment of this Act, the Secretary shall report the results of the study required under subsection (a) to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(A) striking out “and” at the end of subparagraph (N);

(B) inserting “and” at the end of subparagraph (O); and

(C) adding at the end thereof the following new subparagraph:

“(P) research on new or improved food processing (such as food irradiation) or value-added food technologies;”;

(2) in paragraph (10)—

(A) striking out “The research” and all that follows through the colon in the matter preceding the subparagraphs and inserting in lieu thereof the following: “The research, extension, and teaching programs must be maintained and constantly adjusted to meet ever-changing challenges. (C) inserting after subparagraph (A) the following new subparagraph:

“(B) AGRICULTURAL POLICY.—The effects of technological, economic, sociological, and environmental developments on the agricultural structure of the United States are strong and continuous. It is critical that emerging agricultural-related technologies, economic changes, and sociological and environmental developments, both national and international, be analyzed on a continuing basis in an interdisciplinary fashion to determine the effect of those forces

on the structure of agriculture and to improve agricultural policy decisionmaking.”;

(D) inserting after subparagraph (D) (as redesignated by subparagraph (B)) the following new subparagraph:

“(E) COORDINATION OF BIOTECHNOLOGY RESPONSIBILITIES OF FEDERAL GOVERNMENT.—Biotechnology guidelines and regulations must be made consistent throughout the Federal Government so they may promote scientific development and protect the public. The biotechnology risk assessment processes used by various Federal agencies must be standardized.”;

Regulations.

(E) striking out subparagraph (F) (as redesignated by subparagraph (B)) and inserting in lieu thereof the following new subparagraph:

“(F) NATURAL RESOURCES.—Improved management of soil, water, forest, and range resources is vital to maintain the resource base for food, fiber, and wood production. An expanded research program in the areas of soil and water conservation and forest and range production practices is needed to develop more economical and effective management systems. Key objectives of this research are—

Forests and forest products.
Conservation.

“(i) incorporating water and soil-saving technologies into current and evolving production practices;

“(ii) developing more cost-effective and practical conservation technologies;

“(iii) managing water in stressed environments;

“(iv) protecting the quality of the surface water and groundwater resources of the United States;

(G) striking out subparagraph (I) (as redesignated by subparagraph (B)) and inserting in lieu thereof the following new subparagraph:

“(I) INTERNATIONAL FOOD AND AGRICULTURE.—United States agricultural production has proven its ability to produce abundant quantities of food for an expanding world population. Despite rising expectation for improved diets in the world today, there are instances of drought, civil unrest, economic crisis, or other conditions that preclude the local production or distribution of food. There are instances where localized problems impede the ability of farmers to produce needed food products. It is also recognized that

Schools and colleges.

many nations have progressive and effective agricultural research programs that produce results of interest and applicability to United States agriculture. The exchange of knowledge and information between nations is essential to the well-being of all nations. A dedicated effort involving the Federal Government, the State cooperative institutions, and other colleges and universities is needed to expand international food and agricultural research, extension, and teaching programs. Improved cooperation and communication by the Department of Agriculture and the cooperators with international agricultural research centers, counter-part agencies, and universities in other nations are necessary to improve food and agricultural progress throughout the world.”;

(3) striking out the period at the end of paragraph (11) and inserting in lieu thereof “; and”;

(4) adding at the end thereof the following new paragraph:

“(12) the agricultural system of the United States—

Such standards need not be uniform for all the States, but may vary among the several States. “(ii) In making any determination as to whether a State agency has met a performance standard under clause (i), the Secretary shall—

“(III) consider other factors determined by the Secretary to be related to employment and training.

“(iii) The Secretary shall vary the performance standards established under clause (i) according to differences in the characteristics of persons required to participate and the type of program to which the standard is applied.

AUTHORIZATION FOR FUNDING AND RELATED PROVISIONS

SEC. 1569. (a) Section 204 of the Temporary Emergency Food Assistance Act of 1983 (7 U.S.C. 612c note) is amended by—

“(c)(1) There are authorized to be appropriated \$50,000,000 for each of the fiscal years ending September 30, 1986, and September 30, 1987, for the Secretary to make available to the States for State and local payments for costs associated with the distribution of commodities by emergency feeding organizations under this title. Funds appropriated under this paragraph for any fiscal year shall be allocated to the States on an advance basis, dividing such funds among the States in the same proportions as the commodities distributed under this title for such fiscal year are divided among the States. If a State agency is unable to use all of the funds so

allocated to it, the Secretary shall reallocate such unused funds among the other States.

“(2) Each State shall make available to emergency feeding organizations in the State not less than 20 per centum of the funds provided as authorized in paragraph (1) that it has been allocated for a fiscal year, as necessary to pay for, or provide advance payments to cover, the direct expenses of the emergency feeding organizations for distributing commodities to needy persons, but only to the extent such expenses are actually so incurred by such organizations. As used in this paragraph, the term ‘direct expenses’ includes costs of transporting, storing, handling, and distributing commodities incurred after they are received by the organization; costs associated with determinations of eligibility, verification, and documentation; costs involved in publishing announcements of times and locations of distribution; and costs of recordkeeping, auditing, and other administrative procedures required for participation in the program under this title. If a State makes a payment, using State funds, to cover direct expenses of emergency feeding organizations, the amount of such payment shall be counted toward the amount a State must make available for direct expenses of emergency feeding organizations under this paragraph.

“(3) States to which funds are allocated for a fiscal year under this subsection shall submit financial reports to the Secretary, on a regular basis, as to the use of such funds. No such funds may be used by States or emergency feeding organizations for costs other than those involved in covering the expenses related to the distribution of commodities by emergency feeding organizations.

The Secretary shall periodically reconcile estimated and actual contributions and adjust allocations to the State to correct for overpayments and underpayments.

“(5) States may not charge for commodities made available to emergency feeding organizations, and may not pass on to such organizations the cost of any matching requirements, under this Act.”.

Subtitle C—Nutrition and Miscellaneous Provisions

SCHOOL LUNCH PILOT PROJECT

SEC. 1581. (a) As used in this section, the term “eligible school district” means a school district that on the date of enactment of this Act, is participating in the pilot project study provided for under the last proviso of the paragraph under the heading “CHILD NUTRITION PROGRAMS” in title III of the Act entitled “An Act making appropriations for Agriculture, Rural Development, and Related Agencies programs for the fiscal year ending September 30, 1981, and for other purposes”, approved December 15, 1980 (Public Law 96-258; 94 Stat. 3113).

Effective date.

(b) Effective through the school year ending June 30, 1987, the Secretary shall permit an eligible school district to receive assist-

ance to carry out the school lunch program operated in the district in the form of, in lieu of commodities, all cash assistance or all commodity letters of credit assistance.

(c) If an eligible school district elects to receive assistance in the form of all cash assistance or all commodity letters of credit assistance under subsection (a), the Secretary shall provide bonus commodities to the district only in the form of commodities, to the same extent as bonus commodities are provided to other school districts participating in the school lunch program.

GLEANING OF FIELDS

SEC. 1582. (a) Congress finds that—

(1) food banks, soup kitchens, and other emergency food providers help needy persons seeking food assistance at no cost to the Government;

(2) gleaning is a partnership between food producers and nonprofit organizations through which food producers permit members of such organizations to collect grain, vegetables, and fruit which have not been harvested and distribute such items to programs which provide food to needy individuals;

(3) support of gleaning to supply food to the poor is part of the Judeo-Christian heritage as set out in the Book of Leviticus: "When you reap the harvests of your land, do not reap to the very edges of your field or gather the gleanings of your harvest. Do not go over your vineyard a second time or pick up the grapes that have fallen. Leave them for the poor and the alien.";

(4) a 1977 General Accounting Office analysis estimated that during the 1974 harvest 60,000,000 tons of grain, vegetables, and fruit, valued at \$5,000,000,000, were unharvested;

(5) the diets of millions of people in the United States could have been supplemented with such lost grain, vegetables, and fruit;

(6) a number of State and local governments have enacted "Good Samaritan" laws which limit the liability of food donors and provide an incentive for food contributions; and

State and local governments.

(7) numerous civil, religious, charitable, and other nonprofit organizations throughout the country have begun gleaning programs to harvest such food items and channel them to the needy in the United States.

(b) It is the sense of Congress that—

(1) food producers who permit gleaning of their fields and civic, religious, charitable, and other nonprofit organizations which glean fields and distribute the resulting harvest to help the needy should be commended for their efforts; and

(2) State and local governments should be encouraged to enact tax and other incentives designed to increase the number of food producers who permit gleaning of their fields and the number of shippers who donate, or charge reduced rates for, transportation of gleaned produce.

"REQUIRED TERMS IN ORDERS

"SEC. 5. An order issued under section 4(b) shall contain the following terms and conditions:

7 USC 2904.

Supra.

"(1) The order shall provide for the establishment and selection of a Cattlemen's Beef Promotion and Research Board. Members of the Board shall be cattle producers and importers appointed by the Secretary from (A) nominations submitted by eligible State organizations certified under section 6 (or, if the Secretary determines that there is no eligible State organization in a State, the Secretary may provide for nominations from such State to be made in a different manner), and (B) nominations submitted by importers under such procedures as the

Secretary determines appropriate. In determining geographic representation for cattle producers on the Board, whole States shall be considered as a unit. Each State that has a total cattle inventory greater than five hundred thousand head shall be entitled to at least one representative on the Board. A State that has a total inventory of fewer than 500,000 cattle shall be grouped, as far as practicable, with other States each of which has a combined total inventory of not less than 500,000 cattle, into geographically contiguous units in a manner prescribed in the order. A unit may be represented on the Board by more than one member. For each additional million head of cattle within a unit, such unit shall be entitled to an additional member on the Board. The Board may recommend a change in the level of inventory per unit necessary for representation on the Board and, on such recommendation, the Secretary may change the level necessary for representation on the Board. The number of members on the Board that represent importers shall be determined by the Secretary on a proportional basis, by converting the volume of imported beef and beef products into live animal equivalencies.

"(2) The order shall define the powers and duties of the Board, which shall be exercised at an annual meeting, and shall include only the following powers:

"(A) To administer the order in accordance with its terms and provisions.

"(D) To approve or disapprove budgets submitted by the Committee.

"(E) To receive, investigate, and report to the Secretary complaints of violations of the order.

"(F) To recommend to the Secretary amendments to the order.

In addition, the order shall determine the circumstances under which special meetings of the Board may be held.

"(3) The order shall provide that the term of appointment to the Board shall be three years with no member serving more than two consecutive terms, except that initial appointments shall be proportionately for one-year, two-year, and three-year terms; and that Board members shall serve without compensation, but shall be reimbursed for their reasonable expenses incurred in performing their duties as members of the Board.

"(4)(A) The order shall provide that the Board shall elect from its membership ten members to serve on the Beef Promotion Operating Committee, which shall be composed of ten members of the Board and ten producers elected by a federation that includes as members the qualified State beef councils. The producers elected by the federation shall be certified by the Secretary as producers that are directors of a qualified State beef council. The Board shall approve or disapprove such budgets and, if approved, shall submit such budget to the Secretary for the Secretary’s approval.

The Board shall use, to the extent possible, the resources, staffs, and facilities of existing organizations.

“(5) The order shall provide that terms of appointment to the Committee shall be one year, and that no person may serve on the Committee for more than six consecutive terms. Committee members shall serve without compensation, but shall be reimbursed for their reasonable expenses incurred in performing their duties as members of the Committee. The Committee may utilize the resources, staffs, and facilities of the Board and industry organizations. An employee of an industry organization may not receive compensation for work performed for the Committee, but shall be reimbursed from assessments collected by the Board for reasonable expenses incurred in performing such work.

Prohibition.

“(6) The order shall provide that, to ensure coordination and efficient use of funds, the Committee shall enter into contracts or agreements for implementing and carrying out the activities authorized by this Act with established national nonprofit industry-governed organizations, including the federation referred to in paragraph (4), to implement programs of promotion, research, consumer information, and industry information. “(C) The order also shall provide that each importer of cattle, beef, or beef products shall pay an assessment, in the manner prescribed by the order, to the Board. The assessments shall be used for payment of the costs of plans and projects, as provided for in paragraph (4), and expenses in administering the order, including more administrative costs incurred by the Secretary after the order has been promulgated under this Act, and to establish a reasonable reserve. The rate of assessment prescribed by the order shall be one dollar per head of cattle, or the equivalent thereof in the case of imported beef and beef products. A producer who can establish that the producer is participating in a program of an established qualified State beef council shall receive credit, in determining the assessment due from such producer, for contributions to such program of up to 50 cents per head of cattle or the equivalent thereof. There shall be only one qualified State beef council in each State. Any person marketing from beef from cattle of the person's own production shall remit the assessment to the Board in the manner prescribed by the order.

“(9) The order shall provide that the Board, with the approval of the Secretary, may invest, pending disbursement, funds collected through assessments only in obligations of the United States or any agency thereof, in general obligations of any State or any political subdivision thereof, in any interest-bearing account or certificate of deposit of a bank that is a member of the Federal Reserve System, or in obligations fully guaranteed as to principal and interest by the United States.

“(10) The order shall prohibit any funds collected by the Board under the order from being used in any manner for the purpose of influencing governmental action or policy, with the exception of recommending amendments to the order.

Nothing in this paragraph may be deemed to prohibit—

"(B) the publication, by direction of the Secretary, of the name of any person violating the order, together with a statement of the particular provisions of the order violated by the person.

"No information obtained under the authority of this Act may be made available to any agency or officer of the United States for any purpose other than the implementation of this Act and any investigatory or enforcement act necessary for the implementation of this Act. Any person violating the provisions of this paragraph shall be subject to a fine of not more than \$1,000, or to imprisonment for not more than one year, or both, and if an officer or employee of the Board or the Department, shall be removed from office.

Subtitle C—Watermelon Research and Promotion Act

SHORT TITLE

SEC. 1641. This subtitle may be cited as the “Watermelon Research and Promotion Act”.

FINDINGS AND DECLARATION OF POLICY

7 USC 4901 note.

SEC. 1642. (a) Congress finds that—

(2) watermelons are an important cash crop to many farmers in the United States and are an economical, enjoyable, and healthful food for consumers;

(3) approximately 2,607,600,000 pounds of watermelons with a farm value of \$158,923,000 were produced in 1981 in the United States;

(4) watermelons move in the channels of interstate commerce, and watermelons that do not move in such channels directly affect interstate commerce;

(5) the maintenance and expansion of existing markets and the establishment of new or improved markets and uses for watermelons are vital to the welfare of watermelon growers and those concerned with marketing, using, and handling watermelons, as well as the general economic welfare of the Nation; and

(6) the development and implementation of coordinated programs of research, development, advertising, and promotion are necessary to maintain and expand existing markets and establish new or improved markets and uses for watermelons.

Prohibition.

(b) It is declared to be the policy of Congress that it is essential in the public interest, through the exercise of the powers provided herein, to authorize the establishment of an orderly procedure for the development, financing (through adequate assessments on watermelons harvested in the United States for commercial use), and carrying out of an effective, continuous, and coordinated program of research, development, advertising, and promotion designed to strengthen the watermelon's competitive position in the marketplace, and establish, maintain, and expand domestic and foreign markets for watermelons produced in the United States. The purpose of this subtitle is to so authorize the establishment of such procedure and the development, financing, and carrying out of such program. Nothing in this subtitle may be construed to dictate quality standards nor provide for the control of production or otherwise limit the right of individual watermelon producers to produce watermelons.

Service of process in such proceedings may be had on the Secretary by delivering to the Secretary a copy of the complaint. If the court determines that the ruling is not in accordance with law, it shall remand the proceedings to the Secretary with directions either to (1) make such ruling as the court shall determine to be in accordance with law, or (2) take such further proceedings as, in its opinion, the law requires. Each violation shall be a separate offense. In addition to or in lieu of such civil penalty, the Secretary may issue an order requiring the person to cease and desist from continuing the violation. No penalty shall be assessed nor cease and desist order issued unless the person is given notice and opportunity for a hearing before the Secretary with respect to the violation. The order of the Secretary assessing a penalty or imposing a cease and desist order shall be final and conclusive unless the person affected by the order files an appeal from the Secretary's order with the appropriate United States court of appeals.

Subtitle E—Special Study and Pilot Projects on Futures Trading

FINDINGS AND DECLARATION OF POLICY

SEC. 1741. (a) Congress finds that there is a need for investigation and development of alternative price support programs carried out by the Department of Agriculture; that agricultural producers and others have insufficient knowledge concerning the nature and extent of price stabilization available in the private sector; and that more information is needed to accurately assess the Federal budgetary impact of producer participation in such private sector risk avoidance services.

7 USC 1421 note.

Research and
development.

(b) It is declared to be the policy of the United States that the Department of Agriculture conduct economic research to develop more information concerning the manner in which producers might utilize agricultural commodity futures markets and options markets in connection with their marketing of the agricultural commodities of their own production; and to determine the nature and effect widespread utilization of such markets by producers would have on the prices they receive for their agricultural commodities, and to determine the feasibility of interfacing traditional Federal price support programs with private sector risk avoidance services.

STUDY BY THE DEPARTMENT OF AGRICULTURE

7 USC 1421 note.

SEC. 1742. The Secretary of Agriculture shall conduct a study utilizing the services of the various agencies of the United States, including, but not limited to, the United States Department of Agriculture and the Commodity Futures Trading Commission, to determine the manner in which agricultural commodity futures markets and agricultural commodity options markets might be used by producers of agricultural commodities traded on such markets to provide such producers with price stability and income protection; the extent of the price stability and income protection producers might reasonably expect to receive from such participation; and of the Federal budgetary impact of such participation compared with the cost of the applicable established price support programs for agricultural commodities. The Secretary shall report the results of such study to the Committee on Agriculture, Nutrition and Forestry of the Senate and to the Committee on Agriculture of the House of Representatives on or before December 31, 1988.

PILOT PROGRAM

7 USC 1421 note.
Supra.

SEC. 1743. In connection with the study to be undertaken by the Secretary as required by section 1742 of this subtitle, the Secretary shall conduct a pilot program with respect to the crops of wheat, feed grains, soybean, and cotton in at least 40 counties which actively produce reasonable quantities of such major agricultural commodities traded on the commodity futures markets and the commodity options markets. The Secretary shall, in cooperation with the futures and options industry and the chairman of the commodity futures trading commission, conduct an extensive educational program for producers in the counties selected for the pilot program. The program shall, among other things, provide that a reasonable number of producers, as determined by the Secretary, may at their election and in accordance with pilot program requirements developed by the Secretary, participate in the trading of designated agricultural commodities on a futures market or options market in a manner designed to protect and maximize the return on agricultural commodities of their own production marketed by them in accordance with program requirements. Participating producers shall be assured by the Secretary under the terms of the program, using funds of the Commodity Credit Corporation, that the net return received for the agricultural commodities that such producers allocate to the program in the manner specified by the Secretary is no less than the price support loan level for such agricultural commodity in the county where it is produced. In the formulation of the pilot program the Secretary shall utilize the

services of an advisory panel selected by the Secretary consisting of producers, processors, exporters, and futures and options traders on organized futures exchanges.

An Act

To clear title to certain lands along the California-Nevada boundary.

Dec. 23, 1985

[H.R. 3085]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.

The Congress finds that—

(1) thousands of acres of public lands transferred by the United States to the State of California or to the State of Nevada on or before June 1, 1982, are now located within the other State according to the boundary between them established by the United States Supreme Court in the case of California against Nevada (447 U.S. 125 (1980));

(2) each State accepted such transfers as valid, and commencing over 125 years ago, conveyed substantially all of the land into private ownership;

(3) the original title of each State and political subdivisions thereof and subsequent private parties has been treated as good and valid for all governmental and private purposes;

(4) it is imperative that certainty of title to, and ownership of, these lands be established as soon as practicable in order to avoid any undue hardship on the States of California and Nevada and affected private parties; and

(5) litigation is not an appropriate means of resolving the questions of title and ownership of the affected lands in that it would result in unprecedented and unnecessary burdens and expenses on the courts of the United States and the States of California and Nevada, as well as on private property owners.

SEC. 2. TRANSFERS TO CALIFORNIA.

Grants and all other transfers of public land to the State of California by the United States by a statute, clear list, selection, patent, or any other means on or before June 1, 1982—

Grants.

(1) which are located in the State of Nevada according to the boundary between the States of California and Nevada, as defined in the case of California against Nevada (447 U.S. 125 (1980)); and

(2) which have been patented or otherwise conveyed to a third party by the State of California, are not invalid because such land or portions of such land are located in the State of Nevada.

SEC. 3. TRANSFERS TO NEVADA.

Grants and all other transfers of public land to the State of Nevada by the United States by a statute, clear list, selection, patent, or any other means on or before June 1, 1982—

Grants.

(1) which are located in the State of California according to the boundary between the States of California and Nevada, as

defined in the case of California against Nevada (447 U.S. 125 (1980)); and

(2) which have been patented or otherwise conveyed to a third party by the State of Nevada, are not invalid because such land or portions of such land are located in the State of California.

SEC. 4. CERTAIN LANDS NOT AFFECTED.

Prohibition.

This Act shall not apply to any public land referred to in section 2 or 3 which has not been patented or otherwise conveyed to a third party by the State of California or the State of Nevada, as the case may be.

As soon as practicable after the date of enactment of this Act, the Secretary of the Interior shall request the States of California and Nevada to submit to the Secretary maps and a list of patents or other conveyances for tracts of land the two States agree are affected by sections 2 and 3 of this Act. Upon concurring that the patents or other conveyances so listed are those intended to be covered by this Act, the Secretary of the Interior shall publish the list of patents or other conveyances in the Federal Register. Joint Resolution

Dec. 23, 1985
[H.J. Res. 436]

To designate 1986 as "Save for the U.S.A. Year", and for other purposes.

Whereas \$200,000,000,000 of the United States Federal deficit is owed to foreign interests;
Whereas in 1985 the debt owed to foreign interests has caused the United States to become a net debtor nation for the first time since World War I;
Whereas the debt owed to foreign interests will reach \$1,000,000,000,000 by 1990, with accompanying annual interest payments to foreign creditors of \$100,000,000,000;
Whereas the people of the United States are not saving enough to meet the investment needs of the United States, including the financing of the Federal deficit;
Whereas the United States is becoming increasingly dependent on foreign capital;
Whereas the sale of savings bonds issued by the United States in 1985 will result in savings of \$2,000,000,000 to the taxpayers of the United States as a result of lower interest costs to the Federal Government;
Whereas an increase in savings by the people of the United States will help reduce the Federal deficit and alleviate the substantial dependence by the United States on foreign capital: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That—

- (1) 1986 is designated as "Save for the U.S.A. Year";
- (2) the President, when next addressing the Congress on the State of the Union, is requested to initiate a nationwide campaign, to be known as the "Buy Back America" campaign, for the purpose of encouraging the people of the United States to buy savings bonds and savings certificates of the United States in order to reduce borrowings from foreign sources;
- (3) the Secretary of the Treasury is requested to issue, under section 3105 of title 31, United States Code, savings bonds and savings certificates with such maturity dates, discount rates, and interest rates as will enhance the marketability of such bonds and certificates; and

(4) the Congress should actively support all United States savings bond programs by—

(A) endorsing such programs and conducting a thorough campaign among congressional staff and other employees of the House of Representatives to inform such staff and employees of the benefits of such programs; and

(B) informing all constituents of the benefits of such programs and urging all constituents to support such programs through the regular purchasing of United States savings bonds.

ENFORCEMENT POWERS

Supra.

SEC. 204. Title V of the Farm Credit Act of 1971 is amended by inserting after section 5.24, as so redesignated by section 203(b), the following:

“PART C—ENFORCEMENT POWERS OF FARM CREDIT ADMINISTRATION

12 USC 2261.

“SEC. 5.25. CEASE AND DESIST PROCEEDINGS.—(a) If, in the opinion of the Farm Credit Administration, any institution in the Farm Credit System, or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such an institution is engaging or has engaged, or the Farm Credit Administration has reasonable cause to believe that the institution or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution is about to engage, in an unsafe or unsound practice in conducting the business of such institution, or is violating or has violated, or the Farm Credit Administration has reasonable cause to believe that the institution or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution is about to violate, a law, rule, or regulation, or any condition imposed in writing by the Farm Credit Administration in connection with the granting of any application or other request by the institution or any written agreement entered into with the Farm Credit Administration, the Farm Credit Administration may issue and serve upon the institution or such director, officer, employee, agent, or other person a notice of charges in respect thereof. The notice shall contain a statement of the facts constituting the alleged violation or violations or the unsafe or unsound practice or practices, and shall fix a time and place at which a hearing will be held to determine whether an order to cease and desist therefrom should issue against the institution or the director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution. Such hearing shall be fixed for a date not earlier than thirty days nor later than sixty days after service of such notice unless an earlier or a later date is set by the Farm Credit Administration at the request of any party so served. Unless the party or parties so served shall appear at the hearing personally or by a duly authorized representative, they shall be deemed to have consented to the issuance of the cease and desist order. In the event of such consent, or if upon the record made at any such hearing, the Farm Credit Administration shall find that any violation or unsafe or unsound practice specified in the notice of charges has been established, the Farm Credit Administration may

issue and serve upon the institution or the director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution an order to cease and desist from any such violation or practice. Such order may, by provisions that may be mandatory or otherwise, require the institution or its directors, officers, employees, agents, and other persons participating in the conduct of the affairs of such institution to cease and desist from the same, and, further, to take affirmative action to correct the conditions resulting from any such violation or practice.

“(b) A cease and desist order shall become effective at the expiration of thirty days after the service of such order upon the institution or other person concerned (except in the case of a cease and desist order issued upon consent, which shall become effective at the time specified therein), and shall remain effective and enforceable as provided therein except to such extent as it is stayed, modified, terminated, or set aside by action of the Farm Credit Administration or a reviewing court.

Effective date.

“SEC. 5.26. TEMPORARY CEASE AND DESIST ORDERS.—(a) Whenever the Farm Credit Administration shall determine that the violation or threatened violation or the unsafe or unsound practice or practices, specified in the notice of charges served upon the institution or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution under section 5.25, or the continuation thereof, is likely to cause insolvency or substantial dissipation of assets or earnings of the institution, or is likely to seriously weaken the condition of the institution or otherwise seriously prejudice the interests of the investors in Farm Credit System obligations or shareholders in the institution prior to the completion of the proceedings conducted under section 5.25, the Farm Credit Administration may issue a temporary order requiring the institution or such director, officer, employee, agent, or other person to cease and desist from any such violation or practice and to take affirmative action to prevent such insolvency, dissipation, condition, or prejudice pending completion of such proceedings. Such order shall become effective upon service upon the institution or such director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution and, unless set aside, limited, or suspended by a court in proceedings authorized by subsection (b), shall remain effective and enforceable pending the completion of the administrative proceedings pursuant to such notice and until such time as the Farm Credit Administration shall dismiss the charges specified in such notice, or if a cease and desist order is issued against the institution or such director, officer, employee, agent, or other person, until effective date of such order.

12 USC 2262.

Ante, p. 1694.

“(b) Within ten days after the institution concerned or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such institution has been served with a temporary cease and desist order, the institution or such director, officer, employee, agent, or other person may apply to the United States district court for the judicial district in which the home office of the institution is located, or the United States district court for the District of Columbia, for an injunction setting aside, limiting, or suspending the enforcement, operation, or effectiveness of such order pending the completion of the administrative proceedings pursuant to the notice of charges served upon the institution or such director, officer, employee, agent, or other person under section 5.25, and such court shall have jurisdiction to issue such injunction.

"SEC. 5.27. ENFORCEMENT OF TEMPORARY CEASE AND DESIST ORDERS.—In the case of violation or threatened violation of, or failure to obey, a temporary cease and desist order issued under section 5.26, the Farm Credit Administration may apply to the United States district court, or the United States court of any territory, within the jurisdiction of which the home office of the institution is located, for an injunction to enforce such order, and, if the court shall determine that there has been such violation or threatened violation or failure to obey, it shall be the duty of the court to issue such injunction.

"SEC. 5.28. SUSPENSION OR REMOVAL OF DIRECTOR OR OFFICER.—Whenever, in the opinion of the Farm Credit Administration, any director or officer of any institution in the Farm Credit System has committed any violation of law, rule, or regulation or of a cease and desist order that has become final, or has engaged or participated in any unsafe or unsound practice in connection with the institution, or has committed or engaged in any act, omission, or practice which constitutes a breach of a fiduciary duty as such director or officer, and the Farm Credit Administration determines that the institution has suffered or will probably suffer substantial financial loss or other damage or that the interests of its shareholders or investors in Farm Credit System obligations could be seriously prejudiced by reason of such violation or practice or breach of fiduciary duty, or that the director or officer has received financial gain by reason of such violation or practice or breach of fiduciary duty, and that such violation or practice or breach of fiduciary duty is one involving personal dishonesty on the part of such director or officer, or one that demonstrates a willful or continuing disregard for the safety or soundness of the System institution, the Farm Credit Administration may serve upon such director or officer a written notice of its intention to remove him from office.

"(b) Whenever, in the opinion of the Farm Credit Administration, any director or officer of an institution in the Farm Credit System, by conduct or practice with respect to another institution in the Farm Credit System or other business institution that resulted in substantial financial loss or other damage, has evidenced either his personal dishonesty or a willful or continuing disregard for its safety and soundness and, in addition, has evidenced his unfitness to continue as a director or officer, and whenever, in the opinion of the Farm Credit Administration, any other person participating in the conduct of the affairs of an institution in the Farm Credit System, by the conduct or practice with respect to such institution or other institution in the Farm Credit System or other business institution that resulted in substantial financial loss or other damage, has evidenced either personal dishonesty or a willful or continuing disregard for its safety and soundness and, in addition, has evidenced his unfitness to participate in the conduct of the affairs of such institution, the Farm Credit Administration may serve upon such director, officer, or other person a written notice of its intention to remove that director, officer, or other person from office or to prohibit his further participation in any manner in the conduct of the affairs of the institution.

"(c) In respect to any director or officer of an institution in the Farm Credit System or any other person referred to in subsection (a) or (b) of this section, the Farm Credit Administration may, if it deems it necessary for the protection of the institution or the interests of its shareholders and the investors in the Farm Credit

System obligations, by written notice to such effect served upon such director, officer, or other person, suspend such director, officer, or other person from office or prohibit such director, officer, or other person from further participation in any manner in the conduct of the affairs of the institution. Such suspension or prohibition shall become effective upon service of such notice and, unless stayed by a court in proceedings authorized by subsection (e) of this section, shall remain in effect pending the completion of the administrative proceedings pursuant to the notice served under subsection (a) or (b) and until such time as the Farm Credit Administration shall dismiss the charges specified in such notice, or, if an order of removal or prohibition is issued against the director or officer or other person, until the effective date of any such order. Copies of any such notice shall also be served upon the institution of which the person is a director or officer or in the conduct of whose affairs the person has participated.

“(d) A notice of intention to remove a director, officer, or other person from office or to prohibit such director’s, officer’s, or other person’s participation in the conduct of the affairs of an institution in the Farm Credit System, shall contain a statement of the facts constituting grounds therefor, and shall fix a time and place at which a hearing will be held thereon. Such hearing shall be fixed for a date not earlier than thirty days nor later than sixty days after the date of service of such notice, unless an earlier or a later date is set by the Farm Credit Administration at the request of (1) such director or officer or other person, and for good cause shown, or (2) the Attorney General of the United States. Unless such director, officer, or other person shall appear at the hearing in person or by a duly authorized representative, such director, officer, or other person shall be deemed to have consented to the issuance of an order of such removal or prohibition. In the event of such consent, or if upon the record made at any such hearing the Farm Credit Administration shall find that any of the grounds specified in such notice have been established, the Farm Credit Administration may issue such orders of suspension or removal from office, or prohibition from participation in the conduct of the affairs of the institution, as it may deem appropriate. A copy of an order issued under this subsection shall be served upon the institution concerned. Any such order shall become effective at the expiration of thirty days after service upon such institution and the director, officer, or other person concerned (except in the case of an order issued upon consent, which shall become effective at the time specified therein). Such order shall remain effective and enforceable except to such extent as it is stayed, modified, terminated, or set aside by action of the agency or a reviewing court.

“(e) Within ten days after any director, officer, or other person has been suspended from office or prohibited from participation in the conduct of the affairs of a System institution under subsection (d)(3) of this section, such director, officer, or other person may apply to the United States district court for the judicial district in which the home office of the institution is located, or the United States district court for the District of Columbia, for a stay of either such suspension or prohibition, or both, pending the completion of the administrative proceedings pursuant to the notice served upon such director, officer, or other person under subsection (a) or (b), and such court shall have jurisdiction to stay either such suspension or prohibition, or both.

12 USC 2265.

“SEC. 5.29. SUSPENSION OR REMOVAL OF DIRECTOR OR OFFICER CHARGED WITH FELONY.—(a) Whenever any director or officer of an institution in the Farm Credit System, or other person participating in the conduct of the affairs of such institution, is charged in any information, indictment, or complaint authorized by a United States attorney, with the commission of or participation in a crime involving dishonesty or breach of trust that is punishable by imprisonment for a term exceeding one year under State or Federal law, the Farm Credit Administration may, if continued service or participation by the individual may pose a threat to the interest of the institution's shareholders or the investors in the Farm Credit System obligations or may threaten to impair public confidence in the institution or Farm Credit System, by written notice served upon such director, officer, or other person, suspend such director, officer, or other person from office or prohibit such director, officer, or other person from further participation in any manner in the conduct of the affairs of the institution. A copy of such notice shall also be served upon the institution. Such suspension or prohibition shall remain in effect until such information, indictment, or complaint is finally disposed of or until terminated by the Farm Credit Administration. In the event that a judgment of conviction with respect to such crime is entered against such director, officer, or other person, and at such time as such judgment is not subject to further appellate review, the Farm Credit Administration may, if continued service or participation by the individual may pose a threat to the interests of the institution's shareholders or the investors in Farm Credit System obligations or may threaten to impair public confidence in the institution or the Farm Credit System, issue and serve upon such director, officer, or other person an order removing such director, officer, or other person from office or prohibiting such director, officer, or other person from further participation in any manner in the conduct of the affairs of the institution except with the consent of the Farm Credit Administration. A copy of such order shall also be served upon such institution, whereupon such director or officer shall cease to be a director or officer of such institution. A finding of not guilty or other disposition of the charge shall not preclude the Farm Credit Administration from thereafter instituting proceedings to remove such director, officer, or other person from office or to prohibit further participation in Farm Credit System affairs under section 5.28. Any notice of suspension or order of removal issued under this paragraph shall remain effective and outstanding until the completion of any hearing or appeal authorized under subsection (b) unless terminated by the Farm Credit Administration.

Ante, p. 1696.

“(b) Within thirty days from service of any notice of suspension or order of removal issued under subsection (a), the director, officer, or other person concerned may request in writing an opportunity to appear before the Farm Credit Administration to show that the continued service to or participation in the conduct of the affairs of the institution by such individual does not, or is not likely to, pose a threat to the interest in Farm Credit System obligations. Upon receipt of any such request, the Farm Credit Administration shall fix a time (not more than thirty days after receipt of such request, unless extended at the request of the concerned director, officer, or other person) and place at which the director, officer, or other person may appear, personally or through counsel, before the Chairman of the Farm Credit Administration or designated employees of

the Farm Credit Administration to submit written materials (or, at the discretion of the Farm Credit Administration, oral testimony) and oral argument. Within sixty days of such hearing, the Farm Credit Administration shall notify the director, officer, or other person whether the suspension or prohibition from participation in any manner in the conduct of the affairs of the institution will be continued, terminated, or otherwise modified, or whether the order removing such director, officer, or other person from office or prohibiting such individual from further participation in any manner in the conduct of the affairs of the institution will be rescinded or otherwise modified. Such notification shall contain a statement of the basis for the Farm Credit Administration's decision, if adverse to the director, officer, or other person. The Farm Credit Administration may prescribe such rules as may be necessary to effectuate the purposes of this subsection.

"SEC. 5.30. HEARINGS AND JUDICIAL REVIEW.—(a) Any hearing provided for in this part (other than the hearing provided for in section 5.29) shall be held in the Federal judicial district or in the territory in which the home office of the institution is located unless the party afforded the hearing consents to another place, and shall be conducted in accordance with the provisions of chapter 5 of title 5 of the United States Code. Such hearing shall be private, unless the Farm Credit Administration, in its discretion, after fully considering the views of the party afforded the hearing, determines that a public hearing is necessary to protect the public interest. After such hearing, and within ninety days after the Farm Credit Administration has notified the parties that the case has been submitted to it for final decision, it shall render its decision (which shall include findings of fact upon which its decision is predicated) and shall issue and serve upon each party to the proceeding an order or orders consistent with the provisions of this part. Judicial review of any such order shall be exclusively as provided in this subsection (g). Unless a petition for review is timely filed in a court of appeals of the United States, as hereinafter provided in subsection (b), and thereafter until the record in the proceeding has been filed as so provided, the Farm Credit Administration may at any time, upon such notice and in such manner as it shall deem proper, modify, terminate, or set aside any such order. Upon such filing of the record, the Farm Credit Administration may modify, terminate, or set aside any such order with permission of the court.

"(b) Any party to the proceeding, or any person required by an order issued under this part to cease and desist from any of the violations or practices stated therein, may obtain a review of any order served under subsection (a) (other than an order issued with the consent of the System institution or the director or officer or other person concerned, or an order issued under section 5.29) by the filing in the court of appeals of the United States for the circuit in which the home office of the institution is located, or in the United States Court of Appeals for the District of Columbia Circuit, within thirty days after the date of service of such order, a written petition praying that the order of the Farm Credit Administration be modified, terminated, or set aside. A copy of such petition shall be forthwith transmitted by the clerk of the court to the Farm Credit Administration, and thereupon the Farm Credit Administration shall file in the court the record in the proceeding, as provided in section 2112 of title 28 of the United States Code. Upon the filing of such petition, such court shall have jurisdiction, which upon the

Whereas in cases in which fetal alcohol syndrome is avoided, infants may still experience alcohol-related birth effects, known as fetal alcohol effects, which are a series of health problems that include increased irritability during the newborn period and hyperactivity;

Whereas the discovery of fetal alcohol syndrome as a major health problem is a recent occurrence, and many questions regarding the illness remain unanswered;

Whereas there has never been an infant born with fetal alcohol syndrome whose mother did not consume alcohol during pregnancy;

Whereas fetal alcohol syndrome can be prevented if pregnant women and women considering pregnancy abstain from alcohol consumption; and

(2) If the impediments described in paragraph (1) do arise, the United States will cooperate with the Government of the Marshall Islands in assisting any person adversely affected by such judicial determination to remain on Ejit, or in locating suitable and acceptable alternative lands for such person's use.

(3) Paragraph (1) shall not be applied in a manner which would prevent the Government of the Marshall Islands from acting in accordance with its constitutional processes to resolve title and ownership claims with respect to such lands or from taking substitute or additional measures to meet the needs of the people of Bikini with their democratically expressed consent and approval.

(d) KWAJALEIN PAYMENTS.—

(2) In the event that the President determines that an investment management firm selected by the Government of the Marshall Islands does not meet the requirements specified in Article I of the Section 177 Agreement, the United States shall invoke the conference and dispute resolution procedures of Article II of Title Four of the Compact. Pending the resolution of such a dispute and until a qualified Fund Manager has been designated, the Government of the Marshall Islands shall place the funds paid by the United States pursuant to Article I of the Section 177 Agreement into an interest-bearing escrow account. Upon designation of a qualified Fund Manager, all funds in the escrow account shall be transferred to the control of such Fund Manager for management pursuant to the Section 177 Agreement.

(f) NUCLEAR TEST EFFECTS.—In approving the Compact, the Congress understands and intends that the peoples of Bikini, Enewetak, Rongelap, and Utrik, who were affected by the United States nuclear weapons testing program in the Marshall Islands, will receive the amounts of \$75,000,000 (Bikini); \$48,750,000 (Enewetak), \$37,500,000 (Rongelap); and \$22,500,000 (Utrik), respectively, which amounts shall be paid out of proceeds from the fund established under Article I, section 1 of the subsidiary agreement for the implementation of section 177 of the Compact. The amounts specified in this subsection shall be in addition to any amounts which may be awarded to claimants pursuant to Article IV of the subsidiary agreement for the implementation of Section 177 of the Compact.

Post, p. 1812.

(g) ESPOUSAL PROVISIONS.—(1) It is the intention of the Congress of the United States that the provisions of section 177 of the Compact of Free Association and the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") constitute a full and final settlement of all claims described in Articles X and XI of the Section 177 Agreement, and that any such claims be terminated and barred except insofar as provided for in the Section 177 Agreement.

(2) In furtherance of the intention of Congress as stated in paragraph (1) of this subsection, the Section 177 Agreement is hereby ratified and approved. It is the explicit understanding and intent of Congress that the jurisdictional limitations set forth in Article XII of such Agreement are enacted solely and exclusively to accomplish the objective of Article X of such Agreement and only as a clarification of the effect of Article X, and are not to be construed or implemented separately from Article X.

(h) DOE RADIOLOGICAL HEALTH CARE PROGRAM; USDA AGRICULTURAL AND FOOD PROGRAMS.—

(1) MARSHALL ISLANDS PROGRAM.—Notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, the President (either through an appropriate

department or agency of the United States or by contract with a United States firm) shall continue to provide special medical care and logistical support thereto for the remaining 174 members of the population of Rongelap and Utrik who were exposed to radiation resulting from the 1954 United States thermonuclear "Bravo" test, pursuant to Public Laws 95-134 and 96-205. Such medical care and its accompanying logistical support shall total \$22,500,000 over the first 11 years of the Compact.

(2) **AGRICULTURAL AND FOOD PROGRAMS.**—Notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, for the first five years after the effective date of the Compact, the President (either through an appropriate department or agency of the United States or by contract with a United States firm) shall provide technical and other assistance—

President of U.S.

(A) without reimbursement, to continue the planting and agricultural maintenance program on Enewetak;

(B) without reimbursement, to continue the food programs of the Bikini and Enewetak people described in section 1(d) of Article II of the Subsidiary Agreement for the Implementation of Section 177 of the Compact and for continued waterborne transportation of agricultural products to Enewetak including operations and maintenance of the vessel used for such purposes.

Post, p. 1812.

(3) **PAYMENTS.**—Payments under this subsection shall be provided to such extent or in such amounts as are necessary for services and other assistance provided pursuant to this subsection. It is the sense of Congress that after the periods of time specified in paragraphs (1) and (2) of this subsection, consideration will be given to such additional funding for these programs as may be necessary.

(i) **RONGELAP.**—(1) Because Rongelap was directly affected by fallout from a 1954 United States thermonuclear test and because the Rongelap people remain unconvinced that it is safe to continue to live on Rongelap Island, it is the intent of Congress to take such steps (if any) as may be necessary to overcome the effects of such fallout on the habitability of Rongelap Island, and to restore Rongelap Island, if necessary, so that it can be safely inhabited. Accordingly, it is the expectation of the Congress that the Government of the Marshall Islands shall use such portion of the funds specified in Article II, section 1(e) of the subsidiary agreement for the implementation of section 177 of the Compact as are necessary for the purpose of contracting with a qualified scientist or group of scientists to review the data collected by the Department of Energy relating to radiation levels and other conditions on Rongelap Island resulting from the thermonuclear test. It is the expectation of the Congress that the Government of the Marshall Islands, after consultation with the people of Rongelap, shall select the party to review such data, and shall contract for such review and for submission of a report to the President of the United States and the Congress as to the results thereof.

adequate and whether such conclusions are fully supported by the data. If the party reviewing the data concludes that such conclusions as to habitability are fully supported by adequate data, the report to the President of the United States and the Congress shall so state. If the party reviewing the data concludes that the data are inadequate to support such conclusions as to habitability or that such conclusions as to habitability are not fully supported by the data, the Government of the Marshall Islands shall contract with an appropriate scientist or group of scientists to undertake a complete survey of radiation and other effects of the nuclear testing program relating to the habitability of Rongelap Island. Such sums as are necessary for such survey and report concerning the results thereof and as to steps needed to restore the habitability of Rongelap Island are authorized to be made available to the Government of the Marshall Islands.

(3) **RESETTLEMENT OF ENJEBI.**—In the event that the United States determines that the people of Enjebi can within 25 years of the date of the enactment of this joint resolution resettle Enjebi under the conditions set forth in paragraph (2) of this subsection, then upon such determination there shall be available to the people of Enjebi from the Fund such amounts as are necessary for the people of Enjebi to do the following, in accordance with a plan developed by the Enewetak Local Government Council and the people of Enjebi, and concurred with by the Government of the Marshall Islands to assure consistency with the government's overall economic development plan:

(2) **CLEANUP FUNDS.**—There are hereby authorized to be appropriated such sums as are necessary to implement the settlement agreement of March 15, 1985, in *The People of Bikini, et al. against United States of America, et al.*, Civ. No. 84-0425 (D. Ha.).

The Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least three years after the date such grant or assistance was provided and in a manner that permits such grants, assistance, and payments to be accounted for distinct from any other funds of the Government of the Marshall Islands.

(3) REPRESENTATIVE STATUS FOR GAO REPRESENTATIVES.—The Comptroller General and his duly authorized representatives shall be accorded the status set forth in Article V of Title One of the Compact.

(2) It is the understanding of Congress that none of the monies made available pursuant to the Compact or this joint resolution will be used by either the Federated States of Micronesia or the Marshall Islands for enforcement actions against any vessel of the United States on the basis of fishing by any such vessel for highly migratory species of fish outside the territorial sea of the

(ii) that such an agreement should overcome existing jurisdictional differences and provide for a mutually beneficial relationship between the United States and the Pacific Island States that will promote the development of the tuna and other latent fisheries resources of the Central, Western, and South Pacific Ocean and the economic development of the region.

(B) At such time as an agreement referred to in subparagraph (A) is submitted to the Senate for advice and consent to ratification, the Secretary of State, after consultation with the Secretary of Commerce and other interested agencies and concerned governments, shall submit to the Congress a proposed long term regional fisheries development program which may include, but not be limited to—

note.

SEC. 301. FINDINGS.

The Congress finds that—

(1) the United States does not have a clearly defined policy for United States noncontiguous Pacific areas (including the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the State of Hawaii, and the State of Alaska) and for United States-associated noncontiguous Pacific areas (including the Federated States of Micronesia, the Marshall Islands, and Palau);

(2) the Federal Government has often failed to consider the implications for, effects on, and potential of noncontiguous Pacific areas in the formulation and conduct of foreign and domestic policy, to the detriment of both the attainment of the objectives of Federal policy and noncontiguous Pacific areas;

(3) policies and programs designed for the United States as a whole may impose inappropriate standards on noncontiguous Pacific areas because of their unique circumstances and needs; and

(4) the present Federal organizational arrangements for liaison with (and providing assistance to) the insular areas may not be adequate—

(A) to coordinate the delivery of Federal programs and services to noncontiguous Pacific areas;

(B) to provide a consistent basis for administration of programs;

(C) to adapt policy to the special requirements of each area and modify the application of Federal programs, laws, and regulations accordingly;

(D) to be responsive to the Congress in the discharge of its responsibilities; and

(E) to attain the international obligations of the United States.

(b) **CONTENTS.**—The reports required in subsection (a) of this section shall set forth clearly defined policies regarding United States, and United States associated, noncontiguous Pacific areas, including—

(1) the role of and impacts on the noncontiguous Pacific areas in the formulation and conduct of foreign policy;

(2) the applicability of standards contained in Federal laws, regulations, and programs to the noncontiguous Pacific areas and any modifications which may be necessary to achieve the intent of such laws, regulations, and programs consistent with the unique character of the noncontiguous Pacific areas;

(3) the effectiveness of the Federal executive organizational arrangements for—

(A) providing liaison between the Federal Government and the governments of the noncontiguous Pacific areas;

(B) coordinating Federal actions in a manner which recognizes the unique circumstances and needs of the noncontiguous Pacific areas; and

(C) achieving the objective of Federal policy and ensuring that the Congress receives the information necessary to discharge its responsibilities; and

(4) actions which may be needed to facilitate the economic and social health and development of the noncontiguous Pacific areas, consistent with their self-determined objectives.

“(2) **OTHER SOURCES OF LOW-LEVEL RADIOACTIVE WASTE.**—During the seven-year period beginning January 1, 1986 and ending December 31, 1992, subject to the provisions of subsections (b) through (g), each State in which there is located a regional disposal facility referred to in paragraphs (1) through (3) of subsection (b) shall make disposal capacity available for low-level radioactive waste generated by any source not referred to in paragraph (1).

“(3) **ALLOCATION OF DISPOSAL CAPACITY.**—

“(A) During the seven-year period beginning January 1, 1986 and ending December 31, 1992, low-level radioactive waste generated within a sited compact region shall be accorded priority under this section in the allocation of available disposal capacity at a regional disposal facility

referred to in paragraphs (1) through (3) of subsection (b) and located in the sited compact region in which such waste is generated.

“(B) Any State in which a regional disposal facility referred to in paragraphs (1) through (3) of subsection (b) is located may, subject to the provisions of its compact, prohibit the disposal at such facility of low-level radioactive waste generated outside of the compact region if the disposal of such waste in any given calendar year, together with all other low-level radioactive waste disposed of at such facility within that same calendar year, would result in that facility disposing of a total annual volume of low-level radioactive waste in excess of 100 per centum of the average annual volume for such facility designated in subsection (b): *Provided, however*, That in the event that all three States in which regional disposal facilities referred to in paragraphs (1) through (3) of subsection (b) act to prohibit the disposal of low-level radioactive waste pursuant to this subparagraph, each such State shall, in accordance with any applicable procedures of its compact, permit, as necessary, the disposal of additional quantities of such waste in increments of 10 per centum of the average annual volume for each such facility designated in subsection (b).

“(C) Nothing in this paragraph shall require any disposal facility or State referred to in paragraphs (1) through (3) of subsection (b) to accept for disposal low-level radioactive waste in excess of the total amounts designated in subsection (b).

Prohibition.

“(4) CESSATION OF OPERATION OF LOW-LEVEL RADIOACTIVE WASTE DISPOSAL FACILITY.—No provision of this section shall be construed to obligate any State referred to in paragraphs (1) through (3) of subsection (b) to accept low-level radioactive waste from any source in the event that the regional disposal facility located in such State ceases operations.

cubic feet of low-level radioactive waste during the 7-year period beginning January 1, 1986, and ending December 31, 1992 (as based on an average annual volume of 200,000 cubic feet of low-level radioactive waste).

“(c) COMMERCIAL NUCLEAR POWER REACTOR ALLOCATIONS.—

“(1) AMOUNT.—Subject to the provisions of subsections (a) through (g) each commercial nuclear power reactor shall upon request receive an allocation of low-level radioactive waste disposal capacity (in cubic feet) at the facilities referred to in subsection (b) during the 4-year transition period beginning January 1, 1986, and ending December 31, 1989, and during the 3-year licensing period beginning January 1, 1990, and ending December 31, 1992, in an amount calculated by multiplying the appropriate number from the following table by the number of months remaining in the applicable period as determined under paragraph (2).

“Reactor Type	4-year Transition Period		3-year Licensing Period	
	In Sited Region	All Other Locations	In Sited Region	All Other Locations
PWR	1027	871	934	685
BWR	2300	1951	2091	1533

“(2) METHOD OF CALCULATION.—For purposes of calculating the aggregate amount of disposal capacity available to a commercial nuclear power reactor under this subsection, the number of months shall be computed beginning with the first month of the applicable period, or the sixteenth month after receipt of a full power operating license, whichever occurs later.

“(3) UNUSED ALLOCATIONS.—Any unused allocation under paragraph (1) received by a reactor during the transition period or the licensing period may be used at any time after such reactor receives its full power license or after the beginning of the pertinent period, whichever is later, but not in any event after December 31, 1992, or after commencement of operation of a regional disposal facility in the compact region or State in which such reactor is located, whichever occurs first.

“(4) TRANSFERABILITY.—Any commercial nuclear power reactor in a State or compact region that is in compliance with the requirements of subsection (e) may assign any disposal capacity allocated to it under this subsection to any other person in each State or compact region. Such assignment may be for valuable consideration and shall be in writing, copies of which shall be filed at the affected compact commissions and States, along with the assignor's unconditional written waiver of the disposal capacity being assigned.

“(5) UNUSUAL VOLUMES.—

“(A) The Secretary may, upon petition by the owner or operator of any commercial nuclear power reactor, allocate to such reactor disposal capacity in excess of the amount calculated under paragraph (1) if the Secretary finds and states in writing his reasons for so finding that making additional capacity available for such reactor through this

paragraph is required to permit unusual or unexpected operating, maintenance, repair or safety activities.

“(B) The Secretary may not make allocations pursuant to subparagraph (A) that would result in the acceptance for disposal of more than 800,000 cubic feet of low-level radioactive waste or would result in the total of the allocations made pursuant to this subsection exceeding 11,900,000 cubic feet over the entire seven-year interim access period.

Prohibition.

“(6) LIMITATION.—During the seven-year interim access period referred to in subsection (a), the disposal facilities referred to in subsection (b) shall not be required to accept more than 11,900,000 cubic feet of low-level radioactive waste generated by commercial nuclear power reactors.

“(d)(1) SURCHARGES.—The disposal of any low-level radioactive waste under this section (other than low-level radioactive waste generated in a sited compact region) may be charged a surcharge by the State in which the applicable regional disposal facility is located, in addition to the fees and surcharges generally applicable for disposal of low-level radioactive waste in the regional disposal facility involved. Except as provided in subsection (e)(2), such surcharges shall not exceed—

Prohibition.

The Secretary shall deposit all funds received in a special escrow account. The funds so deposited shall not be the property of the United States. The Secretary shall act as trustee for such funds and shall invest them in interest-bearing United States Government Securities with the highest available yield. Such funds shall be held by the Secretary until—

“(i) paid or repaid in accordance with subparagraph (B) or (C); or

If a State in which low-level radioactive waste is generated elects to take title to, take possession of, and assume liability for

such waste pursuant to clause (i), such State shall be paid such amounts as are designated in subparagraph (B)(iv). If a State (or, where applicable, a compact region) in which low-level radioactive waste is generated provides for the disposal of such waste at any time after January 1, 1993 and prior to January 1, 1996, such State (or, where applicable, compact region) shall be paid in accordance with subparagraph (D) a lump sum amount equal to twenty-five per centum of any amount collected by a State under paragraph (1): *Provided, however,* That such payment shall be adjusted to reflect the remaining number of months between January 1, 1993 and January 1, 1996 for which such State (or, where applicable, compact region) provides for the disposal of such waste. If a State (or, where applicable, a compact region) in which low-level radioactive waste is generated is unable to provide for the disposal of all such waste generated within such State or compact region by January 1, 1996, each State in which such waste is generated, upon the request of the generator or owner of the waste, shall take title to the waste, be obligated to take possession of the waste, and shall be liable for all damages directly or indirectly incurred by such generator or owner as a consequence of the failure of the State to take possession of the waste as soon after January 1, 1996, as the generator or owner notifies the State that the waste is available for shipment.

“(B) the threat cannot be mitigated by any alternative consistent with the public health and safety, including storage of low-level radioactive waste at the site of generation or in a storage facility obtaining access to a disposal facility by voluntary agreement, purchasing disposal capacity available for assignment pursuant to section 5(c) or ceasing activities that generate low-level radioactive waste.

“(2) REQUIRED NOTIFICATION.—If the Nuclear Regulatory Commission makes the determinations required in paragraph (1) in the affirmative, it shall designate an appropriate non-Federal disposal facility or facilities, and notify the Governor (or chief executive officer) of the State in which such facility is located and the appropriate compact commission that emergency access is required. Such notification shall specifically describe the low-level radioactive waste as to source, physical and radiological characteristics, and the minimum volume and duration, not exceeding 180 days, necessary to alleviate the immediate threat to public health and safety or the common defense and security. The Nuclear Regulatory Commission shall also notify the Governor (or chief executive officer) of the State in which the low-level radioactive waste requiring emergency access was generated that emergency access has been granted and that, pursuant to subsection (e), no extension of emergency access may be granted absent diligent State action during the period of the initial grant.

“(d) TEMPORARY EMERGENCY ACCESS.—Upon determining that emergency access is necessary because of an immediate and serious threat to the public health and safety or the common defense and security, the Nuclear Regulatory Commission may at its discretion grant temporary emergency access, pending its determination whether the threat could be mitigated by any alternative consistent with the public health and safety. In granting access under this subsection, the Nuclear Regulatory Commission shall provide the same notification and information required under subsection (c). Absent a determination that no alternative consistent with the public health and safety would mitigate the threat, access granted under this subsection shall expire 45 days after the granting of temporary emergency access under this subsection.

“(e) EXTENSION OF EMERGENCY ACCESS.—The Nuclear Regulatory Commission may grant one extension of emergency access beyond the period provided in subsection (c), if it determines that emergency access continues to be necessary because of an immediate and serious threat to the public health and safety or the common defense and security that cannot be mitigated by any alternative consistent with the public health and safety, and that the generator of low-

level radioactive waste granted emergency access and the State in which such low-level radioactive waste was generated have diligently though unsuccessfully acted during the period of the initial grant to eliminate the need for emergency access. Any extension granted under this subsection shall be for the minimum volume and duration the Nuclear Regulatory Commission finds necessary to eliminate the immediate threat to public health and safety or the common defense and security, and shall not in any event exceed 180 days.

“(f) **RECIPROCAL ACCESS.**—Any compact region or State not a member of a compact that provides emergency access to non-Federal disposal facilities within its borders shall be entitled to reciprocal access to any subsequently operating non-Federal disposal facility that serves the State or compact region in which low-level radioactive waste granted emergency access was generated. The compact commission or State having authority to approve importation of low-level radioactive waste to the disposal facility to which emergency access was granted shall designate for reciprocal access an equal volume of low-level radioactive waste having similar characteristics to that provided emergency access.

“(g) **APPROVAL BY COMPACT COMMISSION.**—Any grant of access under this section shall be submitted to the compact commission for the region in which the designated disposal facility is located for such approval as may be required under the terms of its compact. Any such compact commission shall act to approve emergency access not later than 15 days after receiving notification from the Nuclear Regulatory Commission, or reciprocal access not later than 15 days after receiving notification from the appropriate authority under subsection (f).

“(h) **LIMITATIONS.**—No State shall be required to provide emergency or reciprocal access to any regional disposal facility within its borders for low-level radioactive waste not meeting criteria established by the license or license agreement of such facility, or in excess of the approved capacity of such facility, or to delay the closing of any such facility pursuant to plans established before receiving a request for emergency or reciprocal access. No State shall, during any 12-month period, be required to provide emergency or reciprocal access to any regional disposal facility within its borders for more than 20 percent of the total volume of low-level radioactive waste accepted for disposal at such facility during the previous calendar year.

Prohibitions.

“(i) **VOLUME REDUCTION AND SURCHARGES.**—Any low-level radioactive waste delivered for disposal under this section shall be reduced in volume to the maximum extent practicable and shall be subject to surcharges established in this Act.

“(j) **DEDUCTION FROM ALLOCATION.**—Any volume of low-level radioactive waste granted emergency or reciprocal access under this section, if generated by any commercial nuclear power reactor, shall be deducted from the low-level radioactive waste volume allocable under section 5(c).

"(b) Not later than 24 months after the date of enactment of the Low-Level Radioactive Waste Policy Amendments Act of 1985, the Commission shall, in consultation with the States and other interested persons, identify and publish all relevant technical information regarding the methods identified pursuant to subsection (a) that a State or compact must provide to the Commission in order to pursue such methods, together with the technical requirements that such facilities must meet, in the judgment of the Commission, if pursued as an alternative to shallow land burial. Such technical information and requirements shall include, but need not be limited to, site suitability, site design, facility operation, disposal site closure, and environmental monitoring, as necessary to meet the performance objectives established by the Commission for a licensed low-level radioactive waste disposal facility. Such standards and procedures shall provide that, upon receipt of a petition to exempt a specific radioactive waste stream from regulation by the Commission, the Commission shall determine in an expeditious manner whether the concentration or quantity of radionuclides present in such waste stream requires regulation by the Commission in order to protect the public health and safety. Where the Commission determines that regulation of a radioactive waste stream is not necessary to protect the public health and safety, the Commission shall take such steps as may be necessary, in an expeditious manner, to exempt the disposal of such radioactive waste from regulation by the Commission."

SEC. 221. NORTHWEST INTERSTATE COMPACT ON LOW-LEVEL RADIOACTIVE WASTE MANAGEMENT.

Alaska.
Hawaii.
Idaho.
Montana.
Oregon.
Utah.
Washington.
Wyoming.

The consent of Congress is hereby given to the states of Alaska, Hawaii, Idaho, Montana, Oregon, Utah, Washington, and Wyoming to enter into the Northwest Interstate Compact on Low-level Radioactive Waste Management, and to each and every part and article thereof. Such compact reads substantially as follows:

“NORTHWEST INTERSTATE COMPACT ON LOW-LEVEL RADIOACTIVE WASTE MANAGEMENT

“ARTICLE I—POLICY AND PURPOSE

Health.
Safety.

“The party states recognize that low-level radioactive wastes are generated by essential activities and services that benefit the citizens of the states. It is further recognized that the protection of the health and safety of the citizens of the party states and the most economical management of low-level radioactive wastes can be accomplished through cooperation of the states in minimizing the amount of handling and transportation required to dispose of such wastes and through the cooperation of the states in providing facilities that serve the region. It is the policy of the party states to undertake the necessary cooperation to protect the health and safety of the citizens of the party states and to provide for the most economical management of low-level radioactive wastes on a continuing basis. It is the purpose of this compact to provide the means for such a cooperative effort among the party states so that the protection of the citizens of the states and the maintenance of the viability of the states' economies will be enhanced while sharing the responsibilities of radioactive low-level waste management.

“ARTICLE II—DEFINITIONS

“As used in this compact:

“(1) ‘Facility’ means any site, location, structure, or property used or to be used for the storage, treatment, or disposal of low-level waste, excluding federal waste facilities;

“(2) ‘Low-level waste’ means waste material which contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities which exceed applicable federal or state standards for unrestricted release. Low-level waste does not include waste containing more than ten (10) nanocuries of transuranic contaminants per gram of material, nor spent reactor fuel, nor material classified as either high-level waste or waste which is unsuited for disposal by near-surface burial under any applicable federal regulations;

“(3) ‘Generator’ means any person, partnership, association, corporation, or any other entity whatsoever which, as a part of its activities, produces low-level radioactive waste;

“(4) ‘Host state’ means a state in which a facility is located.

“ARTICLE III—REGULATORY PRACTICES

“Each party state hereby agrees to adopt practices which will require low-level waste shipments originating within its borders and destined for a facility within another party state to conform to the applicable packaging and transportation requirements and regulations of the host state. Such practices shall include:

Transportation.

“(1) Maintaining an inventory of all generators within the state that have shipped or expect to ship low-level waste to facilities in another party state;

“(2) Periodic unannounced inspection of the premises of such generators and the waste management activities thereon;

“(3) Authorization of the containers in which such waste may be shipped, and a requirement that generators use only that type of container authorized by the state;

“(4) Assurance that inspections of the carriers which transport such waste are conducted by proper authorities, and appropriate enforcement action taken for violations;

“(5) After receiving notification from a host state that a generator within the party state is in violation of applicable packaging or transportation standards, the party state will take appropriate action to assure that such violations do not recur. Such action may include inspection of every individual low-level waste shipment by that generator.

Transportation.

Each party state may impose fees upon generators and shippers to recover the cost of the inspections and other practices under this article. Nothing in this article shall be construed to limit any party state’s authority to impose additional or more stringent standards on generators or carriers than those required under this article.

“ARTICLE IV—REGIONAL FACILITIES

“(1) Facilities located in any party state, other than facilities established or maintained by individual low-level waste generators for the management of their own low-level waste, shall accept low-level waste generated in any party state if such waste has been packaged and transported according to applicable laws and regulations.

"(2) No facility located in any party state may accept low-level waste generated outside of the region comprised of the party states, except as provided in article V.

"(3) Until such time as paragraph (2) of article IV takes effect, facilities located in any party state may accept low-level waste generated outside of any of the party states only if such waste is accompanied by a certificate of compliance issued by an official of the state in which such waste shipment originated. Such certificate shall be in such form as may be required by the host state, and shall contain at least the following:

"(A) The generator's name and address;

"(B) A description of the contents of the low-level waste container.

Regulations.

"(C) A statement that the low-level waste being shipped has been inspected by the official who issued the certificate or by his agent or by a representative of the United States Nuclear Regulatory Commission, and found to have been packaged in compliance with applicable Federal regulations and such additional requirements as may be imposed by the host state;

"(D) A binding agreement by the state of origin to reimburse any party state for any liability or expense incurred as a result of an accidental release of such waste during shipment or after such waste reaches the facility.

Health.
Safety.

"(4) Each party state shall cooperate with the other party states in determining the appropriate site of any facility that might be required within the region comprised of the party states, in order to maximize public health and safety while minimizing the use of any one (1) party state as the host of such facilities on a permanent basis. Each party state further agrees that decisions regarding low-level waste management facilities in their region will be reached through a good faith process which takes into account the burdens borne by each of the party states as well as the benefits each has received.

Hazardous
materials.
Washington.
Oregon.
Idaho.
Prohibition.

"(5) The party states recognize that the issue of hazardous chemical waste management is similar in many respects to that of low-level waste management. Therefore, in consideration of the State of Washington allowing access to its low-level waste disposal facility by generators in other party states, party states such as Oregon and Idaho which host hazardous chemical waste disposal facilities will allow access to such facilities by generators within other party states. Nothing in this compact shall be construed to prevent any party state from limiting the nature and type of hazardous chemical or low-level wastes to be accepted at facilities within its borders or from ordering the closure of such facilities, so long as such action by a host state is applied equally to all generators within the region comprised of the party states.

"(6) Any host state may establish a schedule of fees and requirements related to its facility, to assure that closure, perpetual care, and maintenance and contingency requirements are met, including adequate bonding.

"ARTICLE V—NORTHWEST LOW-LEVEL WASTE COMPACT COMMITTEE

"The governor of each party state shall designate one (1) official of that state as the person responsible for administration of this compact. The officials so designated shall together comprise the northwest low-level waste compact committee. The committee shall meet as required to consider matters arising under this compact.

The parties shall inform the committee of existing regulations concerning low-level waste management in their states, and shall afford all parties a reasonable opportunity to review and comment upon any proposed modifications in such regulations. Notwithstanding any provision of article IV to the contrary, the committee may enter into arrangements with states provinces, individual generators, or regional compact entities outside the region comprised of the party states for access to facilities on such terms and conditions as the committee may deem appropriate. However, it shall require a two-thirds (⅔) vote of all such members, including the affirmative vote of the member of any party state in which a facility affected by such arrangement is located, for the committee to enter into such arrangement.

Regulations.

“ARTICLE VI—ELIGIBLE PARTIES AND EFFECTIVE DATE

“(1) Each of the following states is eligible to become a party to this compact: Alaska, Hawaii, Idaho, Montana, Oregon, Utah, Washington, and Wyoming. As to any eligible party, this compact shall become effective upon enactment into law by that party, but it shall not become initially effective until enacted into law by two (2) states. Any party state may withdraw from this compact by enacting a statute repealing its approval.

Alaska.
Hawaii.
Idaho.
Montana.
Oregon.
Utah.
Washington.
Wyoming.
Effective date.

“(2) After the compact has initially taken effect pursuant to paragraph (1) of this article, any eligible party state may become a party to this compact by the execution of an executive order by the governor of the state. Any state which becomes a party in this manner shall cease to be a party upon the final adjournment of the next general or regular session of its legislature or July 1, 1983, whichever occurs first, unless the compact has by then been enacted as a statute by that state.

Effective date.

“(3) Paragraph (2) of article IV of this compact shall take effect on July 1, 1983, if consent is given by Congress. As provided in public law 96-573, Congress may withdraw its consent to the compact after every five (5) year period.

42 USC 2021b
note.

“ARTICLE VII—SEVERABILITY

“If any provision of this compact, or its application to any person or circumstances, is held to be invalid, all other provisions of this compact, and the application of all of its provisions to all other persons and circumstances, shall remain valid; and to this end the provisions of this compact are severable.”

Provisions held
invalid.

"ARTICLE V. DEVELOPMENT AND OPERATION OF REGIONAL FACILITIES

"a. Following the collection of sufficient data and information from the states, the Commission shall allow each party state the opportunity to volunteer as a host for a regional facility.

"b. If no state volunteers or if no proposal identified by a volunteer state is deemed acceptable by the Commission, based on the criteria in section c. of this Article, then the Commission shall publicly seek applicants for the development and operation of regional facilities.

"c. The Commission shall review and consider each applicant's proposal based upon the following criteria:

"1. The capability of the applicant to obtain a license from the applicable authority;

"2. require the appropriate state or states or the U.S. Nuclear Regulatory Commission to process all applications for permits and licenses required for the development and operation of any regional facility or facilities within a reasonable period from the time that a completed application is submitted.

"f. The preliminary selection or selections made by the Commission pursuant to this Article shall become final and receive the Commission's approval as a regional facility upon the issuance of license by the licensing authority. If a proposed regional facility fails to become licensed, the Commission shall make another selection pursuant to the procedures identified in this Article.

"g. The Commission may, by two-thirds affirmative vote of its membership, revoke the membership of any party state which, after notice and hearing, shall be found to have arbitrarily or capriciously denied or delayed the issuance of a license or permit to any person authorized by the Commission to apply for such license or permit. Revocation shall be in the same manner as provided for in section e. of Article VII.

"ARTICLE VI. OTHER LAWS AND REGULATIONS

"a. Nothing in this compact shall be construed to:

Prohibition.

"1. Abrogate or limit the applicability of any act of Congress or diminish or otherwise impair the jurisdiction of any Federal agency expressly conferred thereon by the Congress;

"b. Any state may petition the Commission for eligibility. A petitioning state shall become eligible for membership in the compact upon the unanimous approval of the Commission.

Prohibition.

"c. An eligible state shall become a member of the compact and shall be bound by it after such state has enacted the compact into law. In no event shall the compact take effect in any state until it has been entered into force as provided for in section f. of this Article.

"d. Any party state may withdraw from this compact by enacting a statute repeating the same. Unless permitted earlier by unanimous approval of the Commission, such withdrawal shall take effect five-years after the Governor of the withdrawing state has given notice in writing of such withdrawal to each Governor of the party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Effective date.

"e. Any party state which fails to comply with the terms of this compact or fulfill its obligations hereunder may, after notice and hearing, have its privileges suspended or its membership in the compact revoked by the Commission. The Commission may require such party state to pay to the Commission, for a period not to exceed five-years from the date of notice of revocation, an amount determined by the Commission based on the anticipated fees which the generators of such party state would have paid to each regional facility and an amount equal to that which such party state would have contributed in accordance with section d. of Article III, in the event of insufficient revenues. The Commission shall use such funds to ensure the continued availability of safe and economical waste management facilities for all remaining party states. Such state shall also pay an amount equal to that which such party state would have contributed to the annual budget of the Commission if such party state would have remained a member of the compact. All legal rights established under this compact of any party state which has its membership revoked shall cease upon the effective date of revocation; however, any legal obligations of such party state arising prior to the effective date of revocation shall not cease until they have been fulfilled. Written notice of revocation of any state's membership in the company shall be transmitted immediately following the vote of the Commission, by the chairman, to the Governor of the affected party state, all other Governors of the party states and the Congress of the United States.

"f. This compact shall become effective after enactment by at least three eligible states and after consent has been given to it by the Congress. The Congress shall have the opportunity to withdraw such consent every five-years. Failure of the Congress to withdraw its consent affirmatively shall have the effect of renewing consent for an additional five-year period. The consent given to this compact by the Congress shall extend to any future admittance of new party states under sections b. and c. of this Article and to the power to ban the exportation of waste pursuant to Article III.

Prohibition.

"g. The withdrawal of a party state from this compact under section d. of this Article or the revocation of a state's membership in this compact under section 3. of this Article shall not affect the applicability of this compact to the remaining party states.

"h. This compact shall be terminated when all party states have withdrawn pursuant to section d. of this Article. Termination.

"ARTICLE VIII. PENALTIES

"a. Each party state, consistent with its own law, shall prescribe and enforce penalties against any person for violation of any provision of this compact.

"b. Each party state acknowledges that the receipt by a regional facility of waste packaged or transported in violation of applicable laws and regulations can result in sanctions which may include suspension or revocation of the violator's right of access to the regional facility. Regulations.

"ARTICLE IX. SEVERABILITY AND CONSTRUCTION

"The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared by a court of competent jurisdiction to be contrary to the Constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstances is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If any provision of this compact shall be held contrary to the Constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters. The provisions of this compact shall be liberally construed to give effect to the purpose thereof." Provisions held invalid.

"SOUTHEAST INTERSTATE LOW-LEVEL RADIOACTIVE WASTE MANAGEMENT COMPACT

"ARTICLE 1

"POLICY AND PURPOSE

"There is hereby created the Southeast Interstate Low-Level Radioactive Waste Management Compact. The party States recognize and declare that each state is responsible for providing for the availability of capacity either within or outside the State for disposal of low-level radioactive waste generated within its borders, except for waste generated as a result of defense activities of the federal government or federal research and development activities. They also recognize that the management of low-level radioactive waste is handled most efficiently on a regional basis. The party states further recognize that the Congress of the United States, by enacting the Low-Level Radioactive Waste Policy Act (Public Law 96-573), has provided for and encouraged the development of low-

level radioactive waste compacts as a tool for disposal of such waste. The party states recognize that the safe and efficient management of low-level radioactive waste generated within the region requires that sufficient capacity to dispose of such waste be properly provided.

"It is the policy of the party states to: enter into a regional low-level radioactive waste management compact for the purpose of providing the instrument and framework for a cooperative effort; provide sufficient facilities for the proper management of low-level radioactive waste generated in the region; promote the health and safety of the region; limit the number of facilities required to effectively and efficiently manage low-level radioactive waste generated in the region; encourage the reduction of the amounts of low-level waste generated in the region; distribute the costs, benefits, and obligations of successful low-level radioactive waste management equitably among the party states; and ensure the ecological and economical management of low-level radioactive wastes.

Regulations.

"Implicit in the Congressional consent to this compact is the expectation by Congress and the party states that the appropriate federal agencies will actively assist the Compact Commission and the individual party states to this compact by:

"1. expeditious enforcement of federal rules, regulations, and laws;

"2. imposing sanctions against those found to be in violation of federal rules, regulations, and laws;

"3. timely inspection of their licensees to determine their capability to adhere to such rules, regulations, and laws;

"4. timely provision of technical assistance to this compact in carrying out their obligations under the Low-Level Radioactive Waste Policy Act, as amended.

Interstate
Low-Level
Radioactive
Waste
Management
Commission,
establishment.

"(A) There is hereby created the Southeast Interstate Low-Level Radioactive Waste Management Commission ('Commission' or 'Compact Commission'). The Commission shall consist of two voting members from each party state to be appointed according to the laws of each state. The appointing authorities of each state must notify the Commission in writing of the identity of its members and any alternates. An alternate may act on behalf of the member only in the member's absence.

"(B) Each commission member is entitled to one vote. No action of the Commission shall be binding unless a majority of the total membership cast their vote in the affirmative, or unless a greater than majority vote is specifically required by any other provision of this compact.

"(C) The Commission must elect from among its members a presiding officer. The Commission shall adopt and publish, in convenient form, bylaws which are consistent with this compact.

"(D) The Commission must meet at least once a year and also meet upon the call of the presiding officer, by petition of a majority of the party states, or upon the call of a host state. All meetings of the Commission must be open to the public.

"(E) The Commission has the following duties and powers:

"1. To receive and approve the application of a nonparty state to become an eligible state in accordance with the provisions of Article 7(b).

"2. To receive and approve the application of a nonparty state to become an eligible state in accordance with the provisions of Article 7(c).

Report.

"3. To submit an annual report and other communications to the Governors and to the presiding officer of each body of the legislature of the party states regarding the activities of the Commission.

Health.
Safety.

"4. To develop and use procedures for determining, consistent with consideration for public health and safety, the type and number of regional facilities which are presently necessary and which are projected to be necessary to manage waste generated within the region.

"5. To provide the party states with reference guidelines for establishing the criteria and procedures for evaluating alternative locations for emergency or permanent regional facilities.

"6. To develop and adopt, within one year after the Commission is constituted as provided in Article 7(d) procedures and criteria for identifying a party state as a host state for a regional facility as determined pursuant to the requirements of this article. In accordance with these procedures and criteria, the Commission shall identify a host state for the development of a second regional disposal facility within three years after the Commission is constituted as provided for in Article 7(d), and shall seek to ensure that such facility is licensed and ready to operate as soon as required but in no event later than 1991.

"In developing criteria, the Commission must consider the following; the health, safety, and welfare of the citizens of the party states; the existence of regional facilities within each party state; the minimization of waste transportation; the volumes and types of wastes generated within each party state; and the environmental, economic, and ecological impacts on the air, land, and water resources of the party states.

"The Commission shall conduct such hearings, require such reports, studies, evidence, and testimony, and do what is required by its approved procedures in order to identify a party state as a host state for a needed facility.

"7. In accordance with the procedures and criteria developed pursuant to Section (e)(6) of this Article, to designate, by a two-thirds vote, a host state for the establishment of a needed regional facility. The Commission shall not exercise this authority unless the party states have failed to voluntarily pursue the development of such facility. The Commission shall have the authority to revoke the membership of a party state that willfully creates barriers to the siting of a needed regional facility.

"8. To require of and obtain from party states, eligible states seeking to become party states, and nonparty states seeking to become eligible states, data and information necessary to the implementation of Commission responsibilities.

"9. Notwithstanding any other provision of this compact, to enter into agreements with any person, state, or similar regional body or group of states for the importation of waste into the region and for the right of access to facilities outside the region for waste generated within the region. The authorization to import requires a two-thirds majority vote of the Commission, including an affirmative vote of both representatives of a host state in which any affected regional facility is located. This shall be done only after an assessment of the affected facility's capability to handle such wastes.

"10. To act or appear on behalf of any party state or states, only upon written request of both members of the Commission for such state or states as an intervenor or party in interest before Congress, state legislatures, any court of law, or any federal, state, or local agency, board, or commission which has jurisdiction over the management of wastes. The authority to act, intervene, or otherwise appear shall be exercised by the Commission, only after approval by a majority vote of the Commission.

"11. To revoke the membership of a party state in accordance with Article 7(f).

In selecting any staff, the Commission shall assure that the staff has adequate experience and formal training to carry out such functions as may be assigned to it by the Commission. If the Commission has a headquarters it shall be in a party state.

"H. Funding for the Commission must be provided as follows:

"1. Each eligible state, upon becoming a party state, shall pay twenty-five thousand dollars to the Commission which shall be used for costs of the Commission's services.

"2. Each state hosting a regional disposal facility shall annually levy special fees or surcharges on all users of such facility, based upon the volume of wastes disposed of at such facilities, the total of which:

"a. must be sufficient to cover the annual budget of the Commission;

"b. must represent the financial commitments of all party states to the Commission;

"c. must be paid to the Commission;

Provided, however, That each host state collecting such fees or surcharges may retain a portion of the collection sufficient to cover its administrative costs of collection and that the remainder be sufficient only to cover the approved annual budgets of the Commission.

"3. The Commission must set and approve its first annual budget as soon as practicable after its initial meeting. Host states for disposal facilities must begin imposition of the special fees and surcharges provided for in this section as soon as practicable after becoming party states and must remit to the Commission funds resulting from collection of such special fees and surcharges within sixty days of their receipt.

"I. The Commission must keep accurate accounts of all receipts and disbursements. An independent certified public accountant shall annually audit all receipts and disbursements of Commission funds and submit an audit report to the Commission. The audit report shall be made a part of the annual report of the Commission required by Article 4(e)(3).

Grants.

"J. The Commission may accept for any of its purposes and functions any and all donations, grants of money, equipment, supplies, materials, and services (conditional or otherwise) from any state, or the United States, or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm, or corporation, and may receive, utilize, and dispose of the same. The nature, amount, and condition, if any, attendant upon any donation or grant accepted pursuant to this section, together with the identity of the donor, grantor, or lender shall be detailed in the annual report to the Commission.

“(4) the post-closure observation and maintenance of any facility, or

“(5) the extended institutional control, after post-closure observation and maintenance of any facility.

“L. As of January 1, 1986, the management of wastes at regional facilities is restricted to wastes generated within the region, and to wastes generated within nonparty states when authorized by the Commission pursuant to the provisions of this compact. After January 1, 1986, the Commission may prohibit the exportation of waste from the region for the purposes of management.

“M. 1. The Commission herein established is a legal entity separate and distinct from the party states capable of acting in its own behalf and is liable for its actions. Liabilities of the Commission shall not be deemed liabilities of the party states. Members of the Commission shall not personally be liable for action taken by them in their official capacity.

“2. Except as specifically provided in this compact, nothing in this compact shall be construed to alter the incidence of liability of any kind for any act, omission, course of conduct, or on account of any causal or other relationships. Generators and transporters of wastes and owners and operators of sites shall be liable for their acts, omissions, conduct, or relationships in accordance with all laws relating thereto.

“ARTICLE 5

“DEVELOPMENT AND OPERATION OF FACILITIES

“A. Any party state which becomes a host state in which a regional facility is operated shall not be designated by the Compact Commission as a host state for an additional regional facility until each party state has fulfilled its obligation, as determined by the Commission, to have a regional facility operated within its borders.

“B. A host state desiring to close a regional facility located within its borders may do so only after notifying the Commission in writing of its intention to do so and the reasons therefor. Such notification shall be given to the Commission at least four years prior to the intended date of closure. Notwithstanding the four-year notice requirement herein provided, a host state is not prevented from closing its facility or establishing conditions of its use and operations as necessary for the protection of the health and safety of its citizens. A host state may terminate or limit access to its regional facility if it determines that Congress has materially altered the conditions of this compact.

“A. This compact shall have as initially eligible parties the States of Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina, Tennessee, and Virginia.

“B. Any state not expressly declared eligible to become a party state to this compact in Section (A) of this Article may petition the Commission, once constituted, to be declared eligible. The Commission may establish such conditions as it deems necessary and appropriate to be met by a state wishing to become eligible to become a party state to this compact pursuant to such provisions of this

section. Upon satisfactorily meeting the conditions and upon the affirmative vote of two-thirds of the Commission, including the affirmative vote of both representatives of a host state in which any affected regional facility is located, the petitioning state shall be eligible to become a party state to this compact and may become a party state in the manner as those states declared eligible in Section (a) of this Article.

"C. Each state eligible to become a party state to this compact shall be declared a party state upon enactment of this compact into law by the state and upon payment of the fees required by Article 4(H)(1). The Commission is the judge of the qualifications of the party states and of its members and of their compliance with the conditions and requirements of this compact and the laws of the party states relating to the enactment of this compact.

"D. 1. The first three states eligible to become party states to this compact which enact this compact into law and appropriate the fees required by Article 4(H)(1) shall immediately, upon the appointment of their Commission members, constitute themselves as the Southeast Low-Level Radioactive Waste Management Commission; shall cause legislation to be introduced in Congress which grants the consent of Congress to this compact; and shall do those things necessary to organize the commission and implement the provisions of this compact.

"2. All succeeding states eligible to become party states to this compact shall be declared party states pursuant to the provisions of Section (C) of this Article.

"3. The consent of Congress shall be required for the full implementation of this compact. The provisions of Article 5 Section (D) shall not become effective until the effective date of the import ban authorized by Article 4, Section (L) as approved by Congress. Congress may by law withdraw its consent only every five years.

Effective date.

"E. No state which holds membership in any other regional compact for the management of low-level radioactive waste may be considered by the Compact Commission for eligible state status or party state status.

"F. Any party state which fails to comply with the provisions of this compact or to fulfill the obligations incurred by becoming a party state to this compact may be subject to sanctions by the Commission, including suspension of its rights under this compact and revocation of its status as a party state. Any sanction shall be imposed only upon the affirmative vote of at least two-thirds of the Commission members. Revocation of party state status may take effect on the date of the meeting at which the Commission approves the resolution imposing such sanction, but in no event shall revocation take effect later than ninety days from the date of such meeting. Rights and obligations incurred by being declared a party state to this compact shall continue until the effective date of the sanction imposed or as provided in the resolution of the Commission imposing the sanction.

"The Commission must, as soon as practicable after the meeting at which a resolution revoking status as a party state is approved, provide written notice of the action, along with a copy of the resolution, to the Governors, the Presidents of the Senates, and the Speakers of the Houses of Representatives of the party states, as well as chairmen of the appropriate committees of Congress.

"G. Any party state may withdraw from the compact by enacting a law repealing the compact; provided, that if a regional facility is

located within such a state, such regional facility shall remain available to the region for four years after the date the Commission receives notification in writing from the governor of such party state of the rescission of the compact. The Commission, upon receipt of the notification, shall as soon as practicable provide copies of such notification to the Governors, the Presidents of the Senates, and the Speakers of the Houses of Representatives of the party states as well as the chairmen of the appropriate committees of Congress.

"SEVERABILITY AND CONSTRUCTION

Provisions held
invalid.

"The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared by a court of competent jurisdiction to be contrary to the Constitution of any participating state or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby. If any provision of this compact shall be held contrary to the Constitution of any State participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters. The provisions of this compact shall be liberally construed to give effect to the purposes thereof."

SEC. 224. CENTRAL MIDWEST INTERSTATE LOW-LEVEL RADIOACTIVE WASTE COMPACT.

Illinois.
Kentucky.

In accordance with section 4(a)(2) of the Low-Level Radioactive Waste Policy Act (42 U.S.C. 2021d(a)(2)), the consent of the Congress hereby is given to the States of Illinois and Kentucky to enter into the Central Midwest Interstate Low-Level Radioactive Waste Compact. Such compact is substantially as follows:

"ARTICLE I. POLICY AND PURPOSE

"There is created the Central Midwest Interstate Low-Level Radioactive Waste Compact.

"The states party to this compact recognize that the Congress of the United States, by enacting the Low-Level Radioactive Waste Policy Act (42 U.S.C. 2021), has provided for and encouraged the development of low-level radioactive waste compacts as a tool for

42 USC 2021b
note.

managing such waste. The party states acknowledge that Congress declared that each state is responsible for providing for the availability of capacity either within or outside the state for the disposal of low-level radioactive waste generated within its borders, except for waste generated as a result of certain defense activities of the federal government or federal research and development activities. The party states also recognize that the management of low-level radioactive waste is handled most efficiently on a regional basis; and, that the safe and efficient management of low-level radioactive waste generated within the region requires that sufficient capacity to manage such waste be properly provided.

"a) It is the policy of the party states to enter into a regional low-level radioactive waste management compact for the purpose of:

"(1) providing the instrument and the framework for a cooperative effort;

"(2) providing sufficient facilities for the proper management of low-level radioactive waste generated in the region;

"(3) protecting the health and safety of the citizens of the region;

Health.
Safety.

"(4) limiting the number of facilities required to manage low-level radioactive waste generated in the region effectively and efficiency;

"(5) promoting the volume and source reduction of low-level radioactive waste generated in the region;

"(6) distributing the costs, benefits and obligations of successful low-level radioactive waste management equitably among the party states and among generators and other persons who use regional facilities to manage their waste;

"(7) ensuring the ecological and economical management of low-level radioactive waste, including the prohibition of shallow-land burial of waste; and

"(8) promoting the use of above-ground facilities and other disposal technologies providing greater and safer confinement of low-level radioactive waste than shallow-land burial facilities.

"b) Implicit in the Congressional consent to this compact is the expectation by the Congress and the party states that the appropriate federal agencies will actively assist the Compact Commission and the individual party states to this compact by:

Regulations.

"(1) expeditious enforcement of federal rules, regulations and laws;

"(2) imposition of sanctions against those found to be in violation of federal rules, regulations and laws; and

"(3) timely inspection of their licensees to determine their compliance with these rules, regulations and laws.

“b) Each Commission member is entitled to one vote. No action of the Commission is binding unless a majority of the total membership casts its vote in the affirmative.

“c) The Commission shall elect annually from among its members a chairperson. The Commission shall adopt and publish, in convenient form, by-laws and policies that are not inconsistent with this compact, including procedures that conform with the provisions of the Federal Administrative Procedure Act (5 U.S.C. ss. 500 to 559) to the greatest extent practicable in regard to notice, conduct and recording of meetings; access by the public to records; provision of information to the public; conduct of adjudicatory hearings; and issuance of decisions.

Public informa-
tion.

"d) The Commission shall meet at least once annually and shall also meet upon the call of the chairperson or a Commission member.

"e) All meetings of the Commission and its designated committees shall be open to the public with reasonable advance notice. The Commission may, by majority vote, close a meeting to the public for the purpose of considering sensitive personnel or legal strategy matters. However, all Commission actions and decisions shall be made in open meetings and appropriately recorded. A roll call may be required upon request of any member or the presiding officer.

"f) The Commission may establish advisory committees for the purpose of advising the Commission on any matters pertaining to waste management, waste generation and source and volume reduction.

The Commission may appoint or contract for and compensate such staff necessary to carry out its duties and functions. The staff shall serve at the Commission's pleasure with the exception that staff hired as the result of securing federal funds shall be hired and governed under applicable federal statutes and regulations. In selecting any staff, the Commission shall assure that the staff has adequate experience and formal training to carry out the functions assigned to it by the Commission.

Records.
Public
inspection.

"h) All files, records and data of the Commission shall be open to reasonable public inspection and may be copied upon payment of reasonable fees to be established where appropriate by the Commission, except for information privileged against introduction in judicial proceedings. Such fees may be waived or shall be reduced substantially for not-for-profit organizations.

"i) The Commission may:

Prohibitions.

"1) Enter into an agreement or contract with any person, state or group of states for the right to use regional facilities for waste generated outside of the region and for the right to use facilities outside the region for waste generated within the region. No person may use a regional facility for waste generated outside the region unless both a majority of the members of the Commission and all members from the host state in which any affected regional facility is located vote in favor of permitting such use. No person in the region may use a storage, treatment or disposal facility outside the region without prior Commission approval. No such agreement or contract shall be valid unless specifically approved by a law enacted by the legislature of the host state.

"2) Approve the disposal of waste generated within the region at a facility other than a regional facility.

Reports.

"3) Appear as an intervenor or party in interest before any court of law or any federal, state or local agency, board or commission in any matter related to waste management. In order to represent its views, the Commission may arrange for any expert testimony, reports, evidence or other participation.

Prohibition.

"4) Review the emergency closure of a regional facility, determine the appropriateness of that closure, and take whatever actions are necessary to ensure that the interests of the region are protected, provided that a party state with a total volume of waste recorded on low-level radioactive waste manifests for any year that is less than 10 percent of the total volume recorded on such manifests for the region during the same year shall not be designated a host state or be required to store the region's

waste. In determining the 10 percent exclusion, there shall not be included waste recorded on low-level radioactive waste manifests by a person whose principal business is providing a service by arranging for the collection, transportation, treatment, storage or disposal of such waste.

"5) Take any action which is appropriate and necessary to perform its duties and functions as provided in this compact.

"6) Suspend the privileges or revoke the membership of a party state.

"j) The Commission shall:

"1) Submit an annual report to, and otherwise communicate with, the governors and the appropriate officers of the legislative bodies of the party states regarding the activities of the Commission.

Report.

"2) Here, negotiate, and, as necessary, resolve by final decision disputes which may arise between the party states regarding this compact.

"3) Adopt and amend, as appropriate, a regional management plan that plans for the establishment of needed regional facilities.

"4) Adopt an annual budget.

"k) Funding of the budget of the Commission shall be provided as follows:

"1) Each state, upon becoming a party state, shall pay \$50,000 to the Commission which shall be used for the administrative costs of the Commission.

"2) Each state hosting a regional facility shall levy surcharges on each user of the regional facility based upon its portion of the total volume and characteristics of wastes managed at that facility. The surcharges collected at all regional facilities shall:

"A) be sufficient to cover the annual budget of the Commission; and

"B) be paid to the Commission, provided, however, that each host state collecting surcharges may retain a portion of the collection sufficient to cover its administrative costs of collection.

"l) The Commission shall keep accurate accounts of all receipts and disbursements. The Commission shall contract with an independent certified public accountant to annually audit all receipts and disbursements of Commission funds and to submit an audit report to the Commission. The audit report shall be made a part of the annual report of the Commission required by this Article.

"m) The Commission may accept for any of its purposes and functions and may utilize and dispose of any donations, grants of money, equipment, supplies, materials and services from any state or the United States (or any subdivision or agency thereof), or interstate agency, or from any institution, person, firm or corporation. The nature, amount and condition, if any, attendant upon any donation or grant accepted or received by the Commission together with the identity of the donor, grantor, or lender, shall be detailed in the annual report of the Commission. The Commission shall establish guidelines for the acceptance of donations, grants, equipment, supplies, materials and services and shall review such guidelines annually.

"n) The Commission is not liable for any costs associated with any of the following:

- "(1) the licensing and construction of any facility;
- "(2) the operation of any facility;
- "(3) the stabilization and closure of any facility;
- "(4) the extended care of any facility;
- "(5) the institutional control, after extended care of any facility; or

- "(6) the transportation of waste to any facility.

"(o) The Commission is a legal entity separate and distinct from the party states and is liable for its actions as a separate and distinct legal entity. Members of the Commission are not personally liable for actions taken by them in their official capacity.

"(p) Except as provided under Sections (n) and (o) of this Article, nothing in this compact alters liability for any action, omission, course of conduct or liability resulting from any causal or other relationships.

"(q) Any person aggrieved by a final decision of the Commission, which adversely affects the legal rights, duties or privileges of such person, may petition a court of competent jurisdiction, within 60 days after the Commission's final decision, to obtain judicial review of said final decision.

"ARTICLE IV. REGIONAL MANAGEMENT PLAN

"The Commission shall adopt a regional management plan designed to ensure the safe and efficient management of waste generated within the region. In adopting a regional waste management plan the Commission shall:

Safety.

"(a) Adopt procedures for determining, consistent with considerations of public health and safety, the type and number of regional facilities which are presently necessary and which are projected to be necessary to manage waste generated within the region.

"(b) Develop and adopt policies promoting source and volume reduction of waste generated within the region.

"(c) Develop alternative means for the treatment, storage and disposal of waste, other than shallow-land burial or underground injection well.

"(d) Prepare a draft regional management plan that shall be made available in a convenient form to the public for comment. The Commission shall conduct one or more public hearings in each party state prior to the adoption of the regional management plan. The regional management plan shall include the Commission's response to public and party state comment.

"ARTICLE V. RIGHTS AND OBLIGATIONS OF PARTY STATES

"(a) Each party state shall act in good faith in the performance of acts and courses of conduct which are intended to ensure the provision of facilities for regional availability and usage in a manner consistent with this compact.

"(b) Other than the provisions of Article V(f), each party state has the right to have all wastes generated within borders managed at regional facilities subject to the provisions contained in Article IX(b) and IX(c). All party states have an equal right of access to any facility made available to the region by any agreement entered into by the Commission pursuant to Article III(i)(1).

"c) Party states or generators may negotiate for the right of access to a facility outside the region and may export waste outside the region subject to Commission approval under Article III(i)(1).

Exports.

"d) To the extent permitted by federal law, each party state may enforce any applicable federal and state laws, regulations and rules pertaining to the packaging and transportation of waste generated within or passing through its borders. Nothing in this Section shall be construed to require a party state to enter into any agreement with the U.S. Nuclear Regulatory Commission.

"e) Each party state shall provide to the Commission any data and information the Commission requires to implement its responsibilities. Each party state shall establish the capability to obtain any data and information required by the Commission.

"f) Waste originating from the Maxey Flats nuclear waste disposal site in Fleming County, Kentucky shall not be shipped to the regional facility for storage, treatment or disposal. Disposition of these wastes shall be the sole responsibility of the Commonwealth of Kentucky and shall not be subject to the provisions of this compact.

"ARTICLE VI. DEVELOPMENT AND OPERATION OF FACILITIES

"a) Any party state may volunteer to become a host state, and the Commission may designate that state as a host state.

"b) If all regional facilities required by the regional management plan are not developed pursuant to Section (a), or upon notification that an existing regional facility will be closed, the Commission may designate a host state.

"c) A party state shall not be selected as a host state for any regional facility unless that state's total volume of waste recorded on low-level radioactive waste manifests for any year is more than 10 percent of the total volume recorded on such manifests for the region during the same year. In determining the 10 percent exclusion, there shall not be included waste recorded on low-level radioactive waste manifests by a person whose principal business is providing a service by arranging for the collection, transportation, treatment, storage or disposal of such waste.

Prohibitions.

"d) Each party state designated as a host state is responsible for determining possible facility locations within its borders. The selection of a facility site shall not conflict with applicable federal and host state laws, regulations and rules not inconsistent with this compact and shall be based on factors including, but not limited to, geological, environmental, engineering and economic viability of possible facility locations.

Prohibition.

"e) Any party state designated as a host state may request the Commission to relieve that state of the responsibility to serve as a host state. The Commission may relieve a party state of this responsibility only upon a showing by the requesting party state that no feasible potential regional facility site of the type it is designated to host exists within its borders.

"f) After a state is designated a host state by the Commission, it is responsible for the timely development and operation of a regional facility.

"g) To the extent permitted by federal and state law, a host state shall regulate and license any facility within its borders and ensure the extended care of that facility.

"h) The Commission may designate a party state as a host state while a regional facility is in operation if the Commission determines that an additional regional facility is or may be required to meet the needs of the region.

"i) Designation of a host state is for a period of 20 years or the life of the regional facility which is established under that designation, whichever is shorter. Upon request of a host state, the Commission may modify the period of its designation.

"j) A host state may establish a fee system for any regional facility within its borders. The fee system shall be reasonable and equitable. This fee system shall provide the host state with sufficient revenue to cover any costs including, but not limited to, the planning, siting, licensure, operation, pre-closure corrective action or clean-up, monitoring, inspection, decommissioning, extended care and long-term liability, associated with such facilities. This fee system may provide for payment to units of local government affected by a regional facility for costs incurred in connection with such facility. This fee system may also include reasonable revenue beyond the costs incurred for the host state, subject to approval by the Commission. The fee system shall include incentives for source or volume reduction and may be based on the hazard of the waste. A host state shall submit an annual financial audit of the operation of the regional facility to the Commission.

"k) A host state shall ensure that a regional facility located within its borders which is permanently closed is properly decommissioned. A host state shall also provide for the extended care of a closed or decommissioned regional facility within its borders so that the public health and safety of the state and region are ensured, unless, pursuant to the federal Nuclear Waste Policy Act of 1982, the federal government has assumed title and custody of the regional facility and the federal government thereby has assumed responsibility to provide for the extended care of such facility.

"l) A host state intending to close a regional facility located within its borders shall notify the Commission in writing of its intention and the reasons. Notification shall be given to the Commission at least five years prior to the intended date of closure. This Section shall not prevent an emergency closing of a regional facility by a host state to protect its air, land and water resources and the health and safety of its citizens. However, a host state which has an emergency closing of a regional facility shall notify the Commission in writing within three working days of its action and shall, within 30 working days of its action, demonstrate justification for the closing.

"m) If a regional facility closes before an additional or new facility becomes operational, waste generated within the region may be shipped temporarily to any location agreed on by the Commission until a regional facility is operational, provided that the region's waste shall not be stored in a party state with a total volume of waste recorded on low-level radioactive waste manifests for any year which is less than 10 percent of the total volume recorded on such manifests for the region during the same year. In determining the 10 percent exclusion, there shall not be included waste recorded on low-level radioactive waste manifests by a person whose principal business is providing a service by arranging for the collection, transportation, treatment, storage or disposal of such waste.

"n) A party state which is designated as a host state by the Commission and fails to fulfill its obligations as a host state may

have its privileges under the compact suspended or membership in the compact revoked by the Commission.

"(o) The host state shall create an 'Extended Care and Long-Term Liability Fund' and shall allocate sufficient fee revenues, received pursuant to Article VI(j), to provide for the costs of:

"(1) decommissioning and other procedures required for the proper closure of a regional facility;

"(2) monitoring, inspection and other procedures required for the proper extended care of a regional facility;

"(3) undertaking any corrective action or clean-up necessary to protect human health and the environment from radioactive releases from a regional facility; and

"(4) compensating any person for medical and other expenses incurred from damages to human health, personal injuries suffered from damages to human health and damages or losses to real or personal property, and accomplishing any necessary corrective action or clean-up on real or personal property caused by radioactive releases from a regional facility; the host state may allocate monies in this Fund in amounts as it deems appropriate to purchase insurance or to make other similar financial protection arrangements consistent with the purposes of this Fund; this Section shall in no manner limit the financial responsibilities of the site operator pursuant to Article VI(p) and the party states, or any other states which contract to dispose of wastes at the regional facility, pursuant to Article VI(q).

"(p) The operator of a regional facility shall purchase an amount of property and third-party liability insurance deemed appropriate by the host state, pay the necessary periodic premiums at all times and make periodic payments to the Extended Care and Long-Term Liability Fund as set forth in Article VI(o) for such amounts as the host state reasonably determines is necessary to provide for future premiums to continue such insurance coverage, in order to pay the costs of compensating any person for medical and other expenses incurred from damages to human health, personal injuries suffered from damages to human health and damages or losses to real or personal property, and accomplishing any necessary corrective action or clean-up on real or personal property caused by radioactive releases from a regional facility. In the event of such costs resulting from radioactive releases from a regional facility, the host state should, to the maximum extent possible, seek to obtain monies from such insurance prior to using monies from the Extended Care and Long-Term Liability Fund.

A party state may meet such liability for costs by levying surcharges upon generators located in the party state. The extent of such liability for such party state shall be based on the proportionate share of the total volume of waste placed in the regional facility by generators located in each party state. Such liability shall be joint and several among the party states with a right of contribution between the party states. However, this Section shall not apply to a party state with a total volume of waste recorded on low-level radioactive waste manifests for any

“ARTICLE VIII. ELIGIBLE PARTIES, WITHDRAWAL, REVOCATION, ENTRY INTO FORCE, TERMINATION

Illinois. Kentucky.

“a) Eligible parties to this compact are the State of Illinois and Commonwealth of Kentucky. Eligibility terminates on April 15, 1985.

“b) An eligible state becomes a party state when the state enacts the compact into law and pays the membership fee required in Article III(k)(1).

"c) The Commission is formed upon the appointment of Commission members and the tender of the membership fee payable to the Commission by the eligible states. The Governor of Illinois shall convene the initial meeting of the Commission. The Commission shall cause legislation to be introduced in the Congress which grants the consent of the Congress to this compact, and shall take action necessary to organize the Commission and implement the provisions of this compact.

"d) Other than the special circumstances for withdrawal in Section (f) of this Article, either party state may withdraw from this compact at any time by repealing the authorizing legislation, but no withdrawal may take effect until 5 years after the governor of the withdrawing state gives notice in writing of the withdrawal to the Commission and to the governor of the other state. Withdrawal does not affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal. Any host state which grants a disposal permit for waste generated in a withdrawing state shall void the permit when the withdrawal of that state is effective.

"e) This compact becomes effective July 1, 1984, or at any date subsequent to July 1, 1984, upon enactment by the eligible states. However, Article IX(b) shall not take effect until the Congress has by law consented to this compact. The Congress shall have an opportunity to withdraw such consent every 5 years. Failure of the Congress affirmatively to withdraw its consent has the effect of renewing consent for an additional 5 year period. The consent given to this compact by the Congress shall extend to the power of the region to ban the shipment of waste into the region pursuant to Article III(i)(1) and to prohibit exportation of waste generated within the region pursuant to Article III(i)(1).

Effective date.

Prohibition.
Exports.

"f) A state which has been designated a host state may withdraw from the compact. The option to withdraw must be exercised within 90 days of the date the governor of the designated state receives written notice of the designation. Withdrawal becomes effective immediately after notice is given in the following manner. The governor of the withdrawing state shall give notice in writing to the Commission and to the governor of each party state. A state which withdraws from the compact under this Section forfeits any funds already paid pursuant to this compact. A designated host state which withdraws from the compact after 90 days and prior to fulfilling its obligations shall be assessed a sum the Commission determines to be necessary to cover the costs borne by the Commission and remaining party states as a result of that withdrawal.

Effective date.

"ARTICLE IX. PENALTIES

"a) Each party state shall prescribe and enforce penalties against any person who is not an official of another state for violation of any provision of this compact.

"b) Unless otherwise authorized by the Commission pursuant to Article III(i), after January 1, 1986 it is a violation of this compact:

"(1) for any person to deposit at a regional facility waste not generated within the region;

"(2) for any regional facility to accept waste not generated within the region;

"(3) for any person to export from the region waste which is generated within the region; or

Regulation.

- “4) for any person to dispose of waste at a facility other than a regional facility.
- “c) Each party state acknowledges that the receipt by a host state of waste packaged or transported in violation of applicable laws, rules or regulations may result in the imposition of sanctions by the host state which may include suspension or revocation of the violator’s right of access to the facility in the host state.
- “d) Each party state has the right to seek legal recourse against any party state which acts in violation of this compact.

Provisions held invalid.

“ARTICLE X. SEVERABILITY AND CONSTRUCTION

“The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared by a court of competent jurisdiction to be contrary to the Constitution of any participating state or the United States, or if the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. SEC. 225. MIDWEST INTERSTATE LOW-LEVEL RADIOACTIVE WASTE MANAGEMENT COMPACT.

Iowa.
Indiana.
Michigan.
Minnesota.
Missouri.
Ohio.
Wisconsin.

The consent of Congress is hereby given to the States of Iowa, Indiana, Michigan, Minnesota, Missouri, Ohio, and Wisconsin to enter into the Midwest Interstate Compact on Low-level Radioactive Waste Management. Such compact is as follows:

“ARTICLE I. POLICY AND PURPOSE

Research and development.

“There is created the Midwest Interstate Low-level Radioactive Waste Compact.

“The states party to this compact recognize that the Congress of the United States, by enacting the Low-Level Radioactive Waste Policy Act (42 U.S.C. 2021b to 2021d), has provided for and encouraged the development of low-level radioactive waste compacts as a tool for managing such waste. The party states acknowledge that the Congress has declared that each state is responsible for providing for the availability of capacity either within or outside the state for the disposal of low-level radioactive waste generated within its borders, except for waste generated as a result of certain defense activities of the federal government or federal research and development activities. The party states also recognize that the management of low-level radioactive waste is handled most efficiently on a regional basis; and, that the safe and efficient management of low-level radioactive waste generated within the region requires that sufficient capacity to manage such waste be properly provided.

“a. It is the policy of the party states to enter into a regional low-level radioactive waste management compact for the purpose of:

- “1. Providing the instrument and framework for a cooperative effort;
- “2. Providing sufficient facilities for the proper management of low-level radioactive waste generated in the region;

"3. Protecting the health and safety of the citizens of the region;

Health.
Safety.

"4. Limiting the number of facilities required to effectively and efficiently manage low-level radioactive waste generated in the region;

"5. Encouraging the reduction of the amounts of low-level radioactive waste generated in the region;

"6. Distributing the costs, benefits and obligations of successful low-level radioactive waste management equitably among the party states, and among generators and other persons who use regional facilities to manage their waste; and

"7. Ensuring the ecological and economical management of low-level radioactive wastes.

"b. Implicit in the Congressional consent to this compact is the expectation by the Congress and the party states that the appropriate federal agencies will actively assist the Compact Commission and the individual party states to this compact by:

Regulations.

"1. Expeditious enforcement of federal rules, regulations and laws;

"2. Imposition of sanctions against those found to be in violation of federal rules, regulations and laws; and

"3. Timely inspection of their licensees to determine their compliance with these rules, regulations and laws.

Prohibition.

"2. Except as provided under sections m. and n.1. of this article, nothing in this compact alters liability for any act, omission,

course of conduct or liability resulting from any causal or other relationships.

"ARTICLE IV. REGIONAL MANAGEMENT PLAN

"The Commission shall adopt a regional management plan designed to ensure the safe and efficient management of waste generated within the region. In adopting a regional waste management plan the Commission shall:

"a. Adopt procedures for determining, consistent with considerations for public health and safety, the type and number of regional facilities which are presently necessary and which are projected to be necessary to manage waste generated within the region.

Health.

Prohibition.

“c. Each party state designated as a host state is responsible for determining possible facility locations within its borders. The selection of a facility site shall not conflict with applicable federal and host state laws, regulations and rules not inconsistent with this compact and shall be based on factors including, but not limited to, geological, environmental and economic viability of possible facility locations.

“d. Any party state designated as a host state may request the Commission to relieve that state of the responsibility to serve as a host state. The Commission may relieve a party state of this responsibility only upon a showing by the requesting party state that no feasible potential regional facility site of the type it is designated to host exists within its borders.

“e. After a state is designated a host state by the Commission, it is responsible for the timely development and operation of a regional facility.

“f. To the extent permitted by federal and state law, a host state shall regulate and license any facility within its borders and ensure the extended care of that facility.

“i. A host state may establish a fee system for any regional facility within its borders. The fee system shall be reasonable and equitable. This fee system shall provide the host state with sufficient revenue to cover any cost, including but not limited to the planning, siting, licensure, operation, decommissioning, extended care and long-term liability, associated with such facilities. This fee system may also include reasonable revenue beyond costs incurred for the host state, subject to approval by the Commission. A host state shall submit an

Audit.

annual financial audit of the operation of the regional facility to the Commission. The fee system may include incentives for source reduction and may be based on the hazard of the waste as well as the volume.

"j. A host state shall ensure that a regional facility located within its borders which is permanently closed is properly decommissioned. A host state shall also provide for the care of a closed or decommissioned regional facility within its borders so that the public health and safety of the state and region are ensured.

Health.
Safety.

"k. A host state intending to close a regional facility located within its borders shall notify the Commission in writing of its intention and the reasons. Notification shall be given to the Commission at least five years prior to the intended date of closure. This section shall not prevent an emergency closing of a regional facility by a host state to protect its air, land and water resources and the health and safety of its citizens. However, a host state which has an emergency closing of a regional facility shall notify the Commission in writing within three working days of its action and shall, within 30 working days of its action, demonstrate justification for the closing.

Prohibition.

"l. If a regional facility closes before an additional or new facility becomes operational, waste generated within the region may be shipped temporarily to any location agreed on by the Commission until a regional facility is operational.

"m. A party state which is designated as a host state by the Commission and fails to fulfill its obligations as a host state may have its privileges under the compact suspended or membership in the compact revoked by the Commission.

"g. This compact becomes effective upon enactment by at least three eligible states and consent to this compact by Congress. The Congress shall have an opportunity to withdraw such consent every five years. Failure of the Congress to affirmatively withdraw its consent has the effect of renewing consent for an additional five year period. The consent given to this compact by the Congress shall extend to any future admittance of new party states under sections b. and c. of this article and to the power of the Commission to ban the shipment of waste from the region pursuant to Article III.

Effective date.

"h. The withdrawal of a party state from this compact under section e. of this article or the suspension or revocation of a state's membership in this compact under section f. of this article does not affect the applicability of this compact to the remaining party states.

"i. A state which has been designated by the Commission to be a host state has 90 days from receipt by the Governor of written notice of designation to withdraw from the compact without any right to receive refund of any funds already paid pursuant to this compact, and without any further payment. Withdrawal becomes effective immediately upon notice as provided in section e. of this article. A designated host state which withdraws from the compact after 90 days and prior to fulfilling its obligations shall be assessed a sum the Commission determines to be necessary to cover the costs borne by the Commission and remaining party states as a result of that withdrawal.

"ARTICLE IX. PENALTIES

"a. Each party state shall prescribe and enforce penalties against any person who is not an official of another state for violation of any provision of this compact.

"b. Unless otherwise authorized by the Commission pursuant to Article III.h. after January 1, 1986, it is a violation of this compact:

"1. For any person to deposit at a regional facility waste not generated within the region;

"2. For any regional facility to accept waste not generated within the region;

"3. For any person to export from the region waste which is generated within the region; or

Exports.

"4. For any person to dispose of waste at a facility other than a regional facility.

Regulations.

"c. Each party state acknowledges that the receipt by a host state of waste packaged or transported in violation of applicable laws, rules and regulations may result in the imposition of sanctions by the host state which may include suspension or revocation of the violator's right of access to the facility in the host state.

"d. Each party state has the right to seek legal recourse against any party state which acts in violation of this compact.

“ARTICLE X. SEVERABILITY AND CONSTRUCTION

Provisions held
invalid.

“The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared by a court of competent jurisdiction to be contrary to the Constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. "There is hereby created the Northeast Interstate Low-Level Radioactive Waste Management Compact. The party states recognize that the Congress has declared that each state is responsible for providing for the availability of capacity, either within or outside its borders, for disposal of low-level radioactive waste generated within its borders, except for waste generated as a result of atomic energy defense activities of the federal government, as defined in the Low-Level Radioactive Waste Policy Act (P.L. 96-573, 'The Act'), or federal research and development activities. They also recognize that the management of low-level radioactive waste is handled most efficiently on a regional basis. The party states further recognize that the Congress of the United States, by enacting the Act has provided for and encouraged the development of regional low-level radioactive waste compacts to manage such waste. "1. Any party state may volunteer to host a regional facility within its borders. The Commission may set terms and conditions to encourage a party state to volunteer to be the first host state.

"2. Consistent with the review required above, the Commission shall, upon a two-thirds affirmative vote, designate a volunteering party state to serve as a host state.

"c. If all regional facilities required by the regional management plan are not developed pursuant to section (b), or upon notification that an existing facility will be closed, or upon determination that an additional regional facility is or may be required, the Commission shall convene to consider designation of a host state.

"1. The Commission shall develop and adopt procedures for designating a party state to be a host state for a regional facility. The Commission shall base its decision on the following criteria:

"1. A host state shall, according to its lawful administrative procedures, approve fee schedules to be charged to all users of the regional facility within its borders. Except as provided herein, such fee schedules shall be established by the operator of a regional facility, under applicable state regulations, and shall be reasonable and sufficient to cover all costs related to the development, operation, closure, post-closure observation and maintenance, institutional control of the regional facility. Such surcharges shall be reasonable and shall not be imposed unless the Commission has been provided reasonable opportunity to review and make recommendations on the proposed surcharge. Such surcharge may be recovered through the approved fee and surcharge schedules provided for in this section.

"ARTICLE VI. OTHER LAWS AND REGULATIONS

Prohibition. "a. Nothing in this compact shall be construed to abrogate or limit the regulatory responsibility or authority of the U.S. Nuclear Regulatory Commission or of an Agreement State under Section 274 of the Atomic Energy Act of 1954, as amended.

42 USC 2021. "b. The laws or portions of those laws of a party state that are not inconsistent with this compact remain in full force.

Prohibition. "d. No judicial or administrative proceeding pending on the effective date of the compact shall be affected by the compact.

Prohibition. "e. Except as provided for in Article III(b)(2) and (c)(3), this compact shall not affect the relations between and the respective internal responsibilities of the government of a party state and its subdivisions.

42 USC 2021b note. "g. To the extent that the rights and powers of any state or political subdivision to license and regulate any facility within its borders and to impose taxes, fees, and surcharges on the waste managed at that regional facility do not operate as an unreasonable impediment to the transportation, treatment or disposal of waste, such rights and powers shall not be diminished by this compact.

Taxes. "h. No party state shall enact any law or regulation or attempt to enforce any measure which is inconsistent with this compact. Such measures may provide the basis for the Commission to suspend or terminate a party state's membership and privileges under this compact.

"k. No law, ordinance, or regulation of any party state or any subdivision or instrumentality thereof shall prohibit, suspend, or unreasonably delay, limit or restrict the operation of a siting or licensing agency in the designation, siting, or licensing of a regional facility. "ARTICLE VII. ELIGIBLE PARTIES, WITHDRAWAL, REVOCATION, ENTRY INTO FORCE, TERMINATION

"a. The initially eligible parties to this compact shall be the eleven states of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont. Initial eligibility will expire June 30, 1984.

Connecticut.
Delaware.
Maine.
Maryland.
Massachusetts.
New Hampshire.
New Jersey.
New York.
Pennsylvania.
Rhode Island.
Vermont.

"b. Each state eligible to become a party state to this compact shall be declared a party state upon enactment of this compact into law by the state, repeal of all statutes or statutory provisions that pose unreasonable impediments to the capability of the state to host a regional facility in a timely manner, and upon payment of the fees required by Article IV(j)(1). An eligible state may become a party to this compact by an executive order by the governor of the state and upon payment of the fees required by Article IV(j)(1). However, any state which becomes a party state by executive order shall cease to be a party state upon the final adjournment of the next general or regular session of its legislature, unless this compact has by then been enacted as a statute by the state and all statutes and statutory provisions that conflict with the compact have been repealed.

"c. The compact shall become effective in a party state upon enactment by that state. It shall not become initially effective in the region until enacted into law by three party states and consent given to it by the Congress.

Effective date.

"d. The first three states eligible to become party states to this compact which adopt this compact into law as required in Article VII(b) shall immediately, upon the appointment of their Commission members, constitute themselves as the Northeast Interstate Low-Level Radioactive Waste Commission. They shall cause legislation to be introduced in the Congress which grants the consent of the Congress to this compact, and shall do those things necessary to organize the Commission and implement the provisions of this compact.

"1. The Commission shall be the judge of the qualifications of the party states and of its members and of their compliance with the conditions and requirements of this compact and of the laws of the party states relating to the enactment of this compact.

"2. All succeeding states eligible to become party states to this compact shall be declared party states pursuant to the provisions of section (b) of this Article.

"e. Any state not expressly declared eligible to become a party state to this compact in section (a) of this Article may petition the Commission to be declared eligible. The Commission may establish such conditions as it deems necessary and appropriate to be met by a state requesting eligibility as a party state to this compact pursuant to the provisions of this section, including a public hearing on the

application. Upon satisfactorily meeting such conditions and upon the affirmative vote of two-thirds of the Commission, including the affirmative vote of the representatives of the host states in which any affected regional facility is located, the petitioning state shall be eligible to become a party state to this compact and may become a party state in the same manner as those states declared eligible in section (a) of this Article.

Prohibition.

"f. No state holding membership in any other regional compact for the management of low-level radioactive waste may become a member of this compact.

"g. Any party state which fails to comply with the provisions of this compact or to fulfill its obligations hereunder may have its privileges suspended or, upon a two-thirds vote of the Commission, after full opportunity for hearing and comment, have its membership in the compact revoked. Revocation shall take effect one year from the date the affected party state receives written notice from the Commission of its action. All legal rights of the affected party state established under this compact shall cease upon the effective date of revocation, except that any legal obligations of that party state arising prior to revocation will not cease until they have been fulfilled. As soon as practicable after a Commission decision suspending or revoking party state status, the Commission shall provide written notice of the action and a copy of the resolution to the governors and the presiding officer of each body of the state legislatures of the party states, and to chairmen of the appropriate committees of the Congress.

"h. Any party state may withdraw from this compact by repealing its authorization legislation, and all legal rights under this compact of the party state cease upon repeal. However, no such withdrawal shall take effect until five years after the Governor of the withdrawing state has given notice in writing of such withdrawal to the Commission and to the governor of each party state. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to that time.

"1. Upon receipt of the notification, the Commission shall, as soon as practicable, provide copies to the governors and the presiding officer of each body of the state legislatures of the party states, and to the chairmen of the appropriate committees of the Congress.

"2. A regional facility in a withdrawing state shall remain available to the region for five years after the date the Commission receives written notification of the intent to withdraw or until the prescheduled date of closure, whichever occurs first.

"i. This compact may be terminated only by the affirmative action of the Congress or by the repeal of all laws enacting the compact in each party state. The Congress may by law withdraw its consent every five years after the compact takes effect.

"1. The consent given to this compact by the Congress shall extend to any future admittance of new party states under sections (b) and (e) of this Article.

"2. The withdrawal of a party state from this compact under section (h) or the revocation of a state's membership in this compact under section (g) of this Article shall not affect the applicability of the compact to the remaining party states.

"ARTICLE VIII. PENALTIES

"a. Each party state, consistent with federal and host state regulations and laws, shall enforce penalties against any person not acting

as an official of a party state for violation of this compact in the party state. Each party state acknowledges that the shipment to a host state of waste packaged or transported in violation of applicable laws and regulations can result in the imposition of sanctions by the host state. These sanctions may include, but are not limited to, suspension or revocation of the violator's right of access to the facility in the host state.

"b. Without the express approval of the Commission, it shall be unlawful for any person to dispose of any low-level waste within the region except at a regional facility; provided, however, that this restriction shall not apply to waste which is permitted by applicable federal or state regulations to be discarded without regard to its radioactivity.

Regulations.

"c. Unless specifically approved by the Commission and affected host state(s) pursuant to Article IV, it shall be a violation of this compact for: 1) any person to deposit at a regional facility waste not generated within the region; 2) any regional facility to accept waste not generated within the region; and 3) any person to export from the region waste generated within the region.

"d. Primary responsibility for enforcing provisions of the law will rest with the affected state or states. The Commission, upon a two-thirds vote of its members, may bring action to seek enforcement or appropriate remedies against violators of the provisions and regulations for this compact as provided for in Article IV.

"ARTICLE IX. COMPENSATION PROVISIONS

"a. The responsibility for ensuring compensation and clean-up during the operational and post-closure periods rests with the host state, as set forth herein.

"1. The host state shall ensure the availability of funds and procedures for compensation of injured persons, including facility employees, and property damage (except any possible claims for diminution of property values) due to the existence and operation of a regional facility, and for clean-up and restoration of the facility and surrounding areas.

"2. The state may satisfy this obligation by requiring bonds, insurance, compensation funds, or any other means or combination of means, imposed either on the facility operator or assumed by the state itself, or both. Nothing in this article alters the liability of any person or governmental entity under applicable state and federal laws.

Prohibition.

"b. The Commission shall provide a means of compensation for persons injured or property damaged during the institutional control period due to the radioactive and waste management nature of the regional facility. This responsibility may be met by a special fund, insurance, or other means.

"1. The Commission is authorized, at its discretion, to impose a waste management surcharge, to be collected by the operator or owner of the regional facility; to establish a separate insurance entity, formed by but separate from the Commission itself, but under such terms and conditions as it decides, and exempt from state insurance regulation; to contract with this company or other entity for coverage; or to take any other measures, or combination of measures, to implement the goals of this section.

Insurance.
Contracts.

"2. The existence of this fund or other means of compensation shall not imply any liability by the Commission, the non-host party states, or any of their officials and staff, which are

Regulation.

exempted from liability by other provisions of this compact. Claims or suits for compensation shall be directed against the fund, the insurance company, or other entity, unless the Commission, by regulation, directs otherwise.

"c. Notwithstanding any other provisions, the Commission fund, insurance, or other means of compensation shall also be available for third party relief during the operational and post-closure periods, as the Commission may direct, but only to the extent that no other funds, insurance, tort compensation, or other means are available from the host state or other entities, under section a. of this Article or otherwise; provided, that this Commission contribution shall not apply to clean-up or restoration of the regional facility and its environs during the operational and post-closure period.

"d. The liability of the Commission's fund, insurance entity, or any other means of compensation shall be limited to the amount currently contained therein; provided that the Commission may set some lower limit to ensure the integrity and availability of the fund or other entity for liability.

"ARTICLE X. SEVERABILITY AND CONSTRUCTION

Provisions held
invalid.

"The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision of this compact is declared by a federal court of competent jurisdiction to be contrary to the Constitution of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby. The provisions of this compact shall be liberally construed to give effect to the purposes thereof."
